Cox, David Massey, Connie M. Koski, Ericka Wentz, 2023-05-09

Written by an author team that includes former and current law enforcement officers *Introduction to Policing* focuses on the most thought provoking contemporary issues in the world of policing The authors tackle complex issues that impact policing today such as social diversity advancements in technology and global issues such as terrorism and transnational organized crime The Fifth Edition offers fully updated content in SAGE's Vantage courseware platform *Foundations of Criminal Justice* Stephen S. Owen, 2019-07-15 What is law What is deviance What is justice How is justice achieved through law punishment and criminal justice agencies Now in its third edition *Foundations of Criminal Justice* uses a unique approach that provides students with the framework and the intellectual tools that they will need in order to critically analyze and evaluate the nature sources scope purposes and practical limitations of the criminal justice system This is the only introductory survey text that moves beyond a description of the criminal justice system helping students understand the role of criminal justice in their lives as criminal justice practitioners and as active citizens **A Cultural History of Race in the Modern and Genomic Age** Tanya Maria Golash-Boza, 2023-06-01 The period from the 1920s to the present is marked by the rise of eugenics the expansion and hardened enforcement of immigration laws legal apartheid the continuance of race pseudoscience and the rise of human and civil rights discourse in response Eugenics programmes in the early 20th century focused on sterilization and evolved into unimaginable horrors with the Nazi regime in Germany Countries in Europe and across the Americas have used immigration policies to shape the racial composition of their territories Legal apartheid has

been slowly dismantled in the United States and South Africa yet continues to have enduring consequences Eugenics today persists in various permutations of race science Leaders and activists have drawn from civil and human rights discourses to fight back against the persistence of racial inequalities and racialized discourses in the 21st century We can look back on history and see that the Holocaust was a tragedy of historic proportions yet the tradition of scientific racism that led to the Holocaust continues We can look back and see that the internment of the Japanese during the Second World War was a horrific injustice yet detention camps filled with Central Americans continue to proliferate in the United States and refugee camps around the world are overflowing As this volume makes clear racism is an ideology that is adept at changing with the times yet never dissipates

The Legacy of Racism for Children Margaret C. Stevenson, Bette L. Bottoms, Kelly C. Burke, 2020-06-12 When children become entangled with the law their lives can be disrupted irrevocably When those children are underrepresented minorities the potential for disruption is even greater The Legacy of Racism for Children Psychology Law and Public Policy examines issues that arise when minority children's lives are directly or indirectly influenced by law and public policy Uniquely comprehensive in scope this trailblazing volume offers cutting edge chapters on the intersections of race ethnicity within the context of child maltreatment child dependency court custody and adoption familial incarceration school discipline and the school to prison pipeline juvenile justice police youth interactions and jurors perceptions of child and adolescent victims and defendants The book also includes chapters focused on troubling situations that are less commonly researched but growing in importance including the role of race and racism in child sex trafficking and US immigration law and policy Thus individual chapters explore myriad ways in which law and policy shape the lives of marginalized children and adolescents racial and ethnic minorities who historically and presently are at heightened risk for experiencing disadvantageous consequences of law and policy In so doing The Legacy of Racism for Children can help social scientists to understand and work to prevent the perpetuation of racial discrimination in American laws and public policies

Holding down the Fort Aaron Bielejewski, 2022-11-26 This Open Access book questions the relationship between institutionalized images and understandings of policing the monolithic ideas common to most if not all Western law enforcement agencies and contextual situative and local interactions where the human representatives of policing street level officers come into contact with residents The political and theoretical association of specific forms of Western policing with democratic society can be illustrated in the case of German integration narratives of reform and essentially forging new democratic police agencies in the new German states stand at odds with much of the experience and statements of officers who continued to serve following Re Unification Officers who present their works primarily in terms of their local responsibilities expectations and more specifically to their unique and individual relationship and connection to their communities downplay the relevance of high level policing policy Based on a two year ethnographic study of policing in a rural county in the German state of Brandenburg this book explores the local nature of policing both in terms of how police

officers imagine their communities to be and with reference to broader societal expectations and assumptions of what police essentially are can effectively do and should effectively do **Television and Social Behavior** Stephen B. Withey, Ronald P. Abeles, 2013-07-24 This book published originally in 1980 addressed the needs for a profile of televised violence which considered the advantages and disadvantages of various measures and for a furthering of research directions beyond the then popular emphasis on children The Committee on Television and Social Behavior was formed in 1972 and stimulated new research in order to provide a multidimensional profile of the social effects of television programming Chapters here look at the effect of television on adults as well as children particularly special audiences such as the elderly and minority groups An excellent summary of the various conceptual substantive and methodological issues around television's influence **Police Administration** Gary W. Cordner, 2019-02-01 This national best selling text examines police administration from multiple perspectives a systems perspective emphasizing the interrelatedness among units and organizations a traditional structural perspective administrative principles management functions and the importance of written guidelines a human behavioral perspective the human element in organizations and a strategic management perspective communications and information systems performance evaluation strategies and tactics and prevailing and promising approaches to increasing effectiveness of police agencies Coverage of management functions and organizational principles is streamlined while providing a stronger emphasis on diversity principles and on developing police agencies as learning organizations A concluding chapter covers contemporary issues including community engagement collaboration privatization globalization police legitimacy police diversity predictive policing police technology evidence based policing learning organizations emotional intelligence EQ and servant leadership Case studies based on real life events invite students to practice managing the conflicting circumstances and Modern Policing blog posts offer news and developments in the policing world
