America Before Graham Hancock, 2019-04-23 The Instant New York Times Bestseller Was an advanced civilization lost to history in the global cataclysm that ended the last Ice Age Graham Hancock the internationally bestselling author has made it his life s work to find out and in America Before he draws on the latest archaeological and DNA evidence to bring his quest to a stunning conclusion We ve been taught that North and South America were empty of humans until around 13 000 years ago amongst the last great landmasses on earth to have been settled by our ancestors But new discoveries have radically reshaped this long established picture and we know now that the Americas were first peopled more than 130 000 years ago many tens of thousands of years before human settlements became established elsewhere Hancock s research takes us on a series of journeys and encounters with the scientists responsible for the recent extraordinary breakthroughs In the process from the Mississippi Valley to the Amazon rainforest he reveals that ancient New World cultures share a legacy of advanced scientific knowledge and sophisticated spiritual beliefs with supposedly unconnected Old World cultures Have archaeologists focused for too long only on the Old World in their search for the origins of civilization while failing to consider the revolutionary possibility that those origins might in fact be found in the New World America Before The Key to Earth s Lost Civilization is the culmination of everything that millions of readers have loved in Hancock s body of work over the past decades namely a mind dilating exploration of the mysteries of the past amazing archaeological discoveries and profound implications for how we lead our lives today

Grand New Party Ross Douthat, Reihan Salam, 2009-06-02 In a provocative challenge to Republican conventional wisdom two of the Right s rising young thinkers call upon the GOP to focus on the interests and needs of working class voters Grand New Party lays bare the failures of the conservative revolution and presents a detailed blueprint for building the next Republican majority Blending history analysis and fresh often controversial recommendations Ross Douthat and Reihan Salam argue that it is time to move beyond the Reagan legacy and the current Republican power structure With specific proposals covering such hot button topics as immigration health care and taxes Grand New Party shakes up the Right challenges the Left and confronts the changing political landscape

The Great American Jobs Scam Greg LeRoy, 2005-07-21 For the past 20 years corporations have been receiving huge tax breaks and subsidies in the name of jobs jobs jobs But as Greg LeRoy demonstrates in this

important new book it s become a costly scam Playing states and communities off against each other in a bidding war for jobs corporations reduce their taxes to next to nothing and win subsidy packages that routinely exceed 100 000 per job But the subsidies come with few strings attached So companies feel free to provide fewer jobs or none at all or even outsource and lay people off They are also free to pay poverty wages without health care or other benefits All too often communities lose twice They lose jobs or gain jobs so low paying they do nothing to help the community and lose revenue due to the huge corporate tax breaks That means fewer resources for maintaining schools public services and infrastructure In the end the local governments that were hoping for economic revitalization are actually worse off They re forced to raise taxes on struggling small businesses and working families or reduce services or both Greg LeRoy uses up to the minute examples naming names including Wal Mart Raytheon Fidelity Bank of America Dell and Boeing to reveal how the process works He shows how carefully corporations orchestrate the bidding wars between states and communities He exposes shadowy site location consultants who play both sides against the middle and he dissects government and corporate mumbo jumbo with plain talk The book concludes by offering common sense reforms that will give taxpayers powerful new tools to deter future abuses and redirect taxpayer investments in ways that will really pay off **Dictionary of National Biography** Leslie Stephen,Sir Sidney Lee,1909 **Dot.Bomb** J.
