secretly for the President of the United States to identify people who are planning terrorist activities primarily within the United States. The main characters Craig Johnson and his wife Kitty first appeared in Gil Alligood's novel *Dark Paths to Light*. At the direction of the President they formed a company Alpha Planning and Consulting Inc that employs former government agents to secretly identify terrorists and terrorist groups. The information is then passed to another group Team Omega for disposition of problems. Craig, Kitty and agents of Team Alpha are Christians who are deeply bothered by terrorist activities throughout the world and what they find is necessary to thwart their destructive plans and activities that could produce human suffering. Team Alpha is a hard hitting story of adventure and intrigue that will keep readers excited and bothered at the same time.

Dangerous Voyage to Alpha Centauri Fritz Reichert, 2007-12 In the year 2044 scientists have revealed new advances to extend the longevity of human life. Within the next years the world's population explodes by more than one billion people each year. Though millions live already deep under the moon's surface it becomes necessary to search for planets outside our solar system. Tim Turner a teacher and scientist tackles this mission by traveling to the sun's next star Alpha Centauri. The isolation of his task drives him to the edge of lunacy but what he discovers could prevent the human race from destroying itself. When Turner returns to Earth thirty six years later he comes back to an unthinkable situation. What has happened during his absence and what has

become of the two women he loves most A tantalizing mix of science fiction and love story Dangerous Voyage to Alpha Centauri poses a fascinating question Could this plot become a reality for the Earth and its residents in the not so distant future *Flight Information Manual* ,1962
