argues that the candid snap was a tabloid innovation that drew its power from Britain's unique class tensions. Used by papers such as the Daily Mirror and Daily Sketch as a vehicle of mass communication, this new form of image played an important and often overlooked role in constructing the idea of the press photographer as a documentary eyewitness. From Edward VIII and Wallis Simpson to aristocratic debutantes Lady Diana Cooper and Margaret Whigham, the rage of the social elite at being pictured so intimately without permission was matched only by the fascination of working class readers. While the relationship of the British press to social, economic and political power was changed forever, initially pioneered in the metropole, tabloid style photojournalism soon penetrated the journalistic culture of most of the globe. This in-depth account of its social and cultural history is an invaluable source of new research for historians of photography, journalism, visual culture, media and celebrity studies. *The Labour Gazette* Canada. **Losing the Race** David Gadd, Bill Dixon, 2018-04-17. Based on a two-year research project funded by the Economic and Social Research Council (ESRC), this book explores why many of those involved in racially motivated crime seem to be struggling to cope with economic, cultural and emotional losses in their own lives. Drawing on in-depth biographical interviews with perpetrators of racist crimes and focus group discussions with ordinary people living in the same communities, the book explores why it is that some people and not others feel inclined to attack immigrants and minority ethnic groups. The relationships between ordinary racism, racial harassment and the politics of the British National Party are also explored, as are the enduring impacts of deindustrialisation, economic failure and immigration on white working class communities. The book assesses the legacy of New Labour policy on community cohesion, hate crime and respect in terms of its impact on racist attitudes and racist incidents and explores how it is that racist attacks, including racist murders, continue to happen.
