Matriarchy and Modernity Peter Davies, 2010-02-26 This study explores the prevalence in German culture of myths about ancient matriarchal societies discussing their presence in left and right wing politics feminist and antifeminist writing sociology psychoanalysis and literary production By tracing the influence of the works of the Swiss jurist and theorist of matriarchy Johann Jakob Bachofen 1815 1887 and the controversies about the reception and interpretation of his work this study shows how debate about the matriarchal origins of culture was inextricably linked with anxieties about modernity and gender identities at the turn of the twentieth century By moving beyond the discussion of canonical authors and taking seriously the scope of the discussion it becomes clear that it is not possible to reduce matriarchal theories to any particular political ideology instead they function as a mythic counterdiscourse to a modernity conceived as oppressive rational and masculine Writers considered include Ludwig Klages Hofmannsthal Kafka Hauptmann Lou Andreas Salom Sir Galahad Clara Viebig Mathilde Vaerting Thomas Mann Elisabeth Langgässer Ilse Langner Otto Gross Franz Werfel and many others

féminine Nathalie Heinich, 2015-09-01 L'être ambivalent c'est vouloir la fois une chose et son contraire l'émancipation et la servitude l'autonomie et la protection la liberté sexuelle et la dépendance affective Depuis environ trois générations nous disposons de modèles identitaires qui garantissent aux femmes une indépendance matérielle sans renoncement la vie sexuelle ni stigmatisation sociale Mais cette conquête est récente et l'ordre traditionnel encore très présent dans les esprits d'odinevitables difficultés assumer une émancipation pourtant désirée et revendiquée A ces ambivalences s'ajoutent des contradictions plus directement politiques dans la façon de définir les combats féministes Car on peut aujourd'hui se dire féministe en revendiquant comme en refusant la loi sur la parité lectorale la féminisation systématique des noms de profession ou encore la liberté de prostitution et la pornographie Voilà qui complique singulièrement le paysage confortable où sont censés affronter les machants dominants et les gentilles dominées Il est possible d'opposer cette complexité du réel autre chose que les simplifications bifiantes du politiquement correct Repérer les contradictions plutôt que les dénier les comprendre plutôt que les stigmatiser et reconstruire partir de l'un des positions plus cohérentes et plus lucides tels sont les objectifs des différents textes réunis ici
