Teaching U.S. History Diana Turk, Rachel Mattson, Terrie Epstein, Robert Cohen, 2010-01-12 Teaching U S History is a must read for any aspiring or current teacher who wants to think critically about how to teach U S history and make historical discussions come alive in our schools classrooms **Research in Education** , 1974 *The Teaching of Science* F. R. Jevons, 2022-06-01 First published in 1969 The Teaching of Science primarily deals with science teaching in secondary schools and universities but its searching discussion of criteria concerns all who have to do with education The concise but well documented treatments of the nature of the scientific process and of the social implications of science will be of interest to many scientists and especially useful for teachers of general studies Professor Jevons looks first at why we should teach science and thereby sheds light on the more immediately practical problems of how it should be done He thus does more than merely add to the already large volume of exhortation to make it more attractive and intellectually stimulating

Resources in Education , 2001-10 **The Holy Bible, Containing the Old and New Testaments** , 1827 *The Holy Bible ... with Explanatory Notes, Practical Observations, and Copious Marginal References, by Thomas Scott. Glick, 2017-04-30 Among the many groups of Chinese who migrated from their ancestral homeland in the nineteenth century none found a more favorable situation than those who came to Hawaii Coming from South China largely as laborers for sugar plantations and Chinese rice plantations but also as independent merchants and craftsmen they arrived at a time when the tiny Polynesian kingdom was being drawn into an international economic political and cultural world Sojourners and Settlers traces the waves of Chinese immigration the plantation experience and movement into urban occupations Important for the migrants were their close ties with indigenous Hawaiians hundreds establishing families with Hawaiian wives Other migrants brought Chinese wives to the islands Though many early Chinese families lived in the section of Honolulu called Chinatown this was never an exclusively Chinese place of residence and under Hawaii's relatively open pattern of ethnic relations Chinese families rapidly became

dispersed throughout Honolulu Chinatown was however a nucleus for Chinese business cultural and organizational activities More than two hundred organizations were formed by the migrants to provide mutual aid to respond to discrimination under the monarchy and later under American laws and to establish their status among other Chinese and Hawaii's multiethnic community Professor Glick skillfully describes the organizational network in all its subtlety He also examines the social apparatus of migrant existence families celebrations newspapers schools in short the way of life Using a sociological framework the author provides a fascinating account of the migrant settlers transformation from villagers bound by ancestral clan and tradition into participants in a mobile largely Westernized social order **America, History and Life** ,1995
