History Memorandum Grade 9 2014:

Encounters Old and New in World History Alan Karras, Laura J. Mitchell, 2017-06-30 This collection of essays asserts the specific value of world history research and teaching showing how the field contributes to the larger historical profession and offering concrete suggestions to develop more interaction between the academy and the public The twelve contributors each with their own academic areas of interest are experienced scholars and classroom teachers Uniting them together in this volume is their professional relationship with Jerry H Bentley 1949-2012 This shared connection served as a catalyst to showcase Bentley's enduring legacy a commitment to investigating large scale questions with detailed empirical evidence that explains the human condition documenting both patterns of similarity and difference in ways that account for regional and temporal variations The volume continues Bentley's meticulous attention to world historical methods focus on scale cross cultural encounter comparison periodization critical geography and interdisciplinarity Encounters Old and New in World History responds to provocations that Jerry Bentley tendered in his scholarship and through his professional activities Contributors interrogate the institutional settings disciplinary proclivities methodological choices and diverse source bases of world history research and teaching Several essays address the ways in which present day concerns influence research on local and global scales Other essays pay particular attention to the production and circulation of knowledge across regional temporal and class boundaries as well as between the academy and the wider public Claiming the centrality of globally informed and focused approaches to historical inquiry researchers continue the conversations that Bentley carried on through his own scholarship teaching editing of the *Journal of World History* participating in public forums and contributing to public discussions about the place of history in understanding today's global integration The stakes involved in asking questions about the shared history of humankind continue to increase in the current era of intensified globalization It is incumbent upon scholars with the skills to work across linguistic geographic temporal and disciplinary boundaries to show the ways that cross cultural encounters happened historically and to point out how such interactions play out in the institutions classrooms and public debates where historical interpretations are created and shared

The Medal of Honor Dwight S. Mears, 2018-08-22 The Medal of Honor may be America's highest military decoration but all Medals of Honor are not created equal The medal has in fact consisted of several distinct decorations at various times and has involved a number of competing statutes and policies that rewarded different types of heroism In this book the first comprehensive look at the medal's historical legal and policy underpinnings Dwight S Mears charts the complex evolution of these developments and differences over time The Medal of Honor has had different qualification thresholds at different times and indeed three separate versions one for the army and two for the navy existed contemporaneously between World Wars I and II Mears traces these versions back to the medal's inception during the Civil War and continues through the ongoing wars in Iraq and Afghanistan along the way describing representative medal actions for all major conflicts and services as well as legislative

and policy changes contemporary to each period He gives particular attention to retroactive army awards for the Civil War World War I legislation that modernized and expanded the army s statutory award authorization the navy s grappling with both a combat and noncombat Medal of Honor through much of the twentieth century the Vietnam era act that ended noncombat awards and largely standardized the Medal of Honor among all services and the perceived decline of Medals of Honor awarded in the ongoing Global War on Terror Mears also explores the tradition of awards via legislative bills of relief extralegislati ve awards administrative routes to awards through Boards of Correction of Military Records restoration of awards previously revoked by the army in 1917 judicial review of military actions in federal court and legislative actions intended to atone for historical discrimination against ethnic minorities Unprecedented in scope and depth his work is sure to be the definitive resource on America s highest military honor *Richard M. Nixon and European Integration* Joseph M. Siracusa, Hang Thi Thuy Nguyen, 2018-04-13 This book re examines the Nixon administration s attitude and approach to the European integration project The formulation of US policy towards European integration in the Nixon presidential years 1969 1974 was conditioned by the perceived relative decline of the United States Western European emergence and competition the feared Communist expansionism and US national interests Against that backdrop the Nixon administration saw the need to re evaluate its policy on Western Europe and the integration process on this continent Underpinning this study is the extensive use of newly released archival materials from the Nixon Presidential Library and Museum the Library of Congress and the State Department Furthermore the work is based on the public papers in the American Presidency Project and the materials on the topic of European integration and unification in the Archive of European Integration Finally the study has extensively used newspaper archives as well as the declassified online documents memoirs and diaries of former US officials Mining these sources made it possible to shed new light on the complexity and dynamism of the Nixon administration s policy towards European integration **Defenders of Japan** Garren Mulloy, 2021-12-01 Japan s navy is three times the size of France s and Britain s combined yet most people think it a defenceless nation This book unravels that paradox **Calendars of the United States House of Representatives and History of Legislation** United States. The Budget of the United States Government United States. Office of Management and Budget,2015

Eisenhower at the Dawn of the Space Age Mark Shanahan,2016-11-14 Historians have established a norm whereby President Eisenhower s actions in relation to the dawn of the space age are judged solely as a response to the Soviet launch of the Sputnik satellite and are indicative of a passive negative presidency His low key actions are seen merely as a prelude to the US triumph in space which is largely bookended first by President Kennedy s man to the moon pledge in 1961 and finally by Neil Armstrong s moon landing eight years later This book presents an alternative view of the development of space policy during Eisenhower s administration assessing the hypothesis that his space policy was not a reaction to the heavily propagandized Soviet satellite launches or even the effect they caused in the US political and military elites but the continuation of a strategic journey This study engages with three distinct but converging strands of literature and proposes a revised interpretation of Eisenhower s actions in relation to rockets missiles and satellites namely that Eisenhower was operating on a parallel path to the established norm that started with the Bikini Atoll Castle H bomb tests developed through the CIA s reconnaissance efforts and was distilled in the Aeronautics and Space Act of 1958 which set a

policy for US involvement in outer space that matched Eisenhower's desire for a balanced budget and fundamental belief in maintaining peace. President Eisenhower was not interested in joining a space race while national security underpinned his thinking. His space policy actions were strategic steps that actively sidestepped internecine armed forces rivalry and provided a logical next step for both civilian and military space programs at the completion of the International Geophysical Year. In reassessing the United States' first space policy, the book adds to the revisionism under way in relation to the Eisenhower presidency, focusing on the 'Helping Hands' that enabled him to wage peace.

The Debt Trap Josh Mitchell, 2021-08-03 AN NPR AND NEW YORK POST BEST BOOK OF THE YEAR

From acclaimed Wall Street Journal reporter Josh Mitchell, the devastating account of student debt in America. In 1981, a new executive at Sallie Mae took home the company's financial documents to review. "You've got to be shitting me," he later told the company's CEO. "This place is a gold mine." Over the next four decades, the student loan industry that Sallie Mae and Congress created blew up into a crisis that would submerge a generation of Americans into 1.5 trillion in student debt. In *The Debt Trap*, Wall Street Journal reporter Josh Mitchell tells the vivid and compelling, *Chicago Tribune* untold story of the scandals, scams, predatory actors, and government malpractice that have created the behemoth that one of its original architects called a monster. As he charts the jaw-dropping Jeffrey Selinger, *New York Times* bestselling author of *Who Gets In* and *Why*, seventy-year history of student debt in America, Mitchell never loses sight of the countless student victims ensnared by an exploitative system that depends on their debt. Mitchell also draws alarming parallels to the housing crisis in the late 2000s, showing the catastrophic consequences student debt has had on families and the nation's future. Mitchell's character-driven narrative is necessary reading. *The New York Times* for anyone wanting to understand the central economic issue of our day.
