

If I must die

poem written in 2011

If I must die,
you must live
to tell my story
to sell my things
to buy a piece of cloth
and some strings,
(make it white with a long tail)
so that a child, somewhere in Gaza
while looking heaven in the eye
awaiting his dad who left in a blaze—
and bid no one farewell
not even to his flesh
not even to himself—
sees the kite, my kite you made, flying up
above
and thinks for a moment an angel is there
bringing back love
If I must die
let it bring hope
let it be a tale

The Daughter of Adoption John Thelwall,2013-03-18 John Thelwall s The Daughter of Adoption A Tale of Modern Times is a witty and wide ranging work in which the picaresque and sentimental novel of the eighteenth century confronts the revolutionary ideas and forms of the Romantic period Thelwall puts his two main characters the conflicted English gentleman Henry Montfort and the Creole Seraphina Parkinson through their paces in a slave rebellion in Haiti where they barely escape with their lives and in London society where Henry almost loses his soul Combining political analysis with melodrama and flat out farce Daughter expands the scope of the abolitionist novel pushing the argument beyond the slave trade to challenge empire and racial superiority Historical materials on Thelwall s life the abolitionist movement and eighteenth century educational theories provide a detailed context for the novel **How Traditions Live and Die** Olivier Morin,2016 Of all the things we do and say most will never be repeated or reproduced Once in a while however an idea or a practice generates a chain of transmission that covers more distance through space and time than any individual person ever could What makes such transmission chains possible For two centuries the dominant view from psychology to anthropology was that humans owe their cultural prosperity to their powers of imitation In this view modern cultures exist because the people who carry them are gifted at remembering storing and reproducing information How Traditions Live and Die proposes an alternative to this standard view What makes traditions live is not a general purpose imitation capacity Cultural transmission is partial selective often unfaithful Some traditions live on in spite of this because they tap into widespread and basic cognitive preferences These attractive traditions spread not by being better retained or more accurately transferred but because they are transmitted over and over This theory is used to shed light on various puzzles of cultural change from the

distribution of bird songs to the staying power of children's rhymes and to explain the special relation that links the human species to its cultures Morin combines recent work in cognitive anthropology with new advances in quantitative cultural history to map and predict the diffusion of traditions This book is both an introduction and an accessible alternative to contemporary theories of cultural evolution Live in Total Peace After Death Eral,2013-10-03 Why is this world the only planet that has air we can breathe Why is this world the only planet to be controlled by time This planet was covered with water 6 000 years ago what happened How long will people live on earth Will this earth last forever Why was this earth made Death means separation Your spirit will leave this body Question Where will you live forever Death means separation You will be separated from your earthly body There are two places you will live after you die Heaven or Hell It is not enough to believe in Jesus Even Satan and his demons believe and tremble in Hell at the name of Jesus So what good does it do to know Jesus None if you do not believe His word Read this book to find what His promises are and how to use them Are you able to return from the grave and live forever A lot of people have come alive again My question is how many live that resurrection life forever Do you know who you will live with forever Do you believe you will meet your loved ones after you die If you are in Hell you will be hurting to the point that you will be saying just let me die But you have died for the last time To answer the question you will be hurting so much you will not care what or who is around you Please believe what I write and stay out of Hell This is my blessing to you **Live On** M.
