Being Dad deals with the way fathers and the subject of biblical fatherhood are treated in modern culture. Dr. Keith brings his experience with family students, great mentors, and friends to bear on a subject that is crying out for attention. Equally, he brings his Christian faith, a scholarly eye for detail, and an ear for story along on the journey and works with the reader to navigate a path to a better country where the Father blesses His children and is honored. Forgiven fathers are a gift from God for they have the gospel to proclaim to their families. This approach leads to gracious fathers that can now display a shadow of the love of their Heavenly Father so that children may be drawn into saving faith. **The Fourth Education Revolution** Anthony Seldon, Oladimeji

Not simply a subject of aspiration, passion has been deployed as a means to build resilience and mend disappointments with our experiences of work. Tracking the rise of passion in nineteenth-century management to

trends like gamification coworking and unemployment insurance Hong demonstrates how passion can emerge in instances that would not typically be understood as passionate Gamification numbs crippling boredom by keeping call center workers in an unthinking suspensive state pursuing even the most banal tasks in hope of career advancement Coworking spaces marketed toward freelancers combat loneliness and disconnection at the precise moment when middle class sureties are profoundly threatened Ultimately Hong argues the ideal of passionate work sustains a condition of cruel optimism in which passion is offered as the solution for the injustices of contemporary capitalism [Driver Reactions to Automated Vehicles](#) Alexander Eriksson, Neville A.
