How Much Is Netflix A Month:

The Age of Netflix Cory Barker, Myc Wiatrowski, 2017-09-19 In 2016 Netflix with an already enormous footprint in the United States expanded its online streaming video service to 130 new countries adding more than 12 million subscribers in nine months and bringing its total to 87 million The effectiveness of Netflix's content management lies in its ability to appeal to a vastly disparate global viewership without a unified cache of content Instead the company invests in buying or developing myriad programming and uses sophisticated algorithms to narrowcast to micro targeted audience groups In this collection of new essays contributors explore how Netflix has become a cultural institution and transformed the way we consume popular media

Reed Hastings Matt Burgess, 2020-03-26 Reed Hastings is one of the world's foremost business leaders As co founder chairman and CEO of Netflix he has built one of the largest media and entertainment companies on the planet with an estimated personal net worth of 3.6 billion A notable philanthropist he has served on the boards of a number of non profit organisations as well as Facebook and Microsoft This concise but detailed biography provides an overview of Hastings career trajectory From his unique management style to the biggest mistakes he has made along the way to the reasons behind his decision to take Netflix from a business that dealt with products rental DVDs to a technology company that focuses on streaming Burgess sheds light on Hastings success and looks to what the future may bring for him and his ventures Aspirational and positive this is the perfect book for those looking for a concise and accessible account of a true global business visionary

The Strategy and Tactics of Pricing Thomas T. Nagle, Georg Müller, Evert Gruyaert, 2023-07-31 The Strategy and Tactics of Pricing is the most well established and influential strategic pricing text available relied on by practitioners and students globally as a core guide for value based pricing The book explains how to balance the ability to create and extract value through from markets by managing pricing decisions in a more strategic and profitable manner Rather than calculating prices to cover costs or to achieve sales goals readers will learn to frame more strategic choices that proactively influence customer perceptions of value manage internal costs and profitably shift demand curves This edition features new discussions on harnessing concepts from behavioral economics as well as a refined value cascade to help organize the topics covered in this book Readers will also benefit from Major revisions to more than a third of the chapters including an expanded discussion of the role of artificial intelligence and machine learning analytics tools to assist in the evaluation of new pricing opportunities Discussion of many of the new pricing and revenue recognition models such as consumption based pricing outcomes based pricing and others An expanded discussion on Special Topics in Pricing that cover many of the transformative pricing moves successful companies have made in the past few years in response to major disruptive forces such as the pandemic as well as re emergent inflation In chapter textboxes and call out to highlight different pricing concepts in action using actual examples of companies addressing market challenges Chapter summaries and visual aids to help the reader better understand the ideas and concepts presented throughout this book This
