The commonly used figure for the number of Jewish victims is six million, so much so that the phrase "SIX million" is now almost universally interpreted as referring to the Jewish victims of the Holocaust, though estimates by historians using, among other sources, records from the Nazi regime itself, range from five million to seven million.

About 220,000 Saint and Aroma were killed in the Holocaust (some estimates are as high as 800,000), between a quarter to a half of the European population. The term is also used by many in a narrower sense, to refer specifically to the unprecedented destruction of European Jerry in particular. The Holocaust was an intentional and meticulously planned attempt to entirely eradicate the target groups based on ethnicity. It is estimated that die Endlösung deer Juddering (the Final Solution of the Jewish Question), as the Nazis called it during the Wannabes conference of January 1942, saw the extermination of 64 percent of all the Jews in Europe, or 35 percent of the world's Jewish population.

In a speech in October 1943, Heimlich Hammier, the Reaches,here of the Chesterfield AS), told a group of senior AS men and Nazi party leaders: "What about the women as having no right to exterminate (surrogate) the men?-in other words, to kill them or have them killed?-and to let the avengers in the form of the children grow up for our sons and grandsons to dea
