Intuición: El conocimiento que trasciende la lógica / Intuition: Knowing Beyond Logic Osho, 2017-09-26 Osho nos muestra el camino para eliminar los obstáculos que han sido colocados en el recorrido de nuestra intuición de modo que esta pueda florecer y proporcionar a un nuevo tipo de inteligencia y plenitud a nuestras vidas. ¿Qué es la intuición? Es algo con lo que nacen algunas personas y que otras no pueden siquiera esperar desarrollar nunca. Es algo susceptible de ser enseñado a través de cursos aplicando una serie de fórmulas que cualquiera puede dominar con un poco de perseverancia y determinación. La intuición es la percepción directa de la realidad sin que haya ninguna interferencia de los prejuicios y la ideología de la mente. Es un conocimiento que trasciende la lógica solo aquellos que son capaces de trascender las limitaciones de la lógica y el análisis son también capaces de responder creativamente a las situaciones nuevas y cambiantes que encuentran cada día.

ENGLISH DESCRIPTION Intuition deals with the difference between the intellectual logical mind and the more encompassing realm of spirit. Logic is how the mind knows reality; intuition is how the spirit experiences reality. Osho's discussion of these matters is wonderfully lucid, occasionally funny, and thoroughly engrossing. All people have a natural capacity for intuition, but often social conditioning and formal education work against it. People are taught to ignore their instincts rather than to understand and use them as a foundation for individual growth and development, and in the process they undermine the very roots of the innate wisdom that is meant to flower into intuition. In this volume, Osho pinpoints exactly what intuition is and gives guidelines for how to identify its functioning in others and ourselves. You will learn to distinguish between genuine intuitive insight and the wishful thinking that can often lead to mistaken choices and unwanted consequences. Includes many specific exercises and meditations designed to nourish and support each individual's natural intuitive gifts. OSHO challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to experience life in all its richness. He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi, Nehru, and Buddha who
