Evolution of Destination Planning and Strategy Larry Dwyer,Renata Tomljenović,Sanda Čorak,2016-11-24 This book deals broadly with tourism planning and development from the perspective of Croatia a major Adriatic tourism destination which is fast becoming one of the most popular vacation spots in the European Union With the recent accession of Croatia to the EU Croatia is undergoing a rapid political and economic transition and generating scholarly interest in the country s primary secondary and tertiary industries This book examines the country s long history and thriving success in the tourism industry through issues of destination image and identity management challenges economic impact and how to attract tourists in the midst of extreme political changes The book

explores the implications of policy decisions on product development and takes a theoretically sound approach to destination planning and problem solving in Croatia Its timely view of Croatian national tourism policy and the broader Adriatic Mediterranean region makes this book of interest to all scholars students and practitioners engaged in various aspects of destination development planning and management *Spain Investment and Business Guide Volume 1 Strategic and Practical Information* IBP, Inc.,2015-09-11 Spain Investment and Business Guide Volume 1 Strategic and Practical Information OECD Economic Surveys: Japan 2015 OECD,2015-04-15 This 2015 OECD Economic Survey of Japan examines recent economic developments policies and prospects Special chapters cover enhancing innovation and dynamism and reducing government debt Civil Society Sustainability Brian Pratt,Rachel Hayman,2018-04-19 This publication focuses on the challenges faced by civil society to remain sustainable in response to major changes in the global political economic and social environment Academics and practitioners from all over the world have contributed original articles practical notes and viewpoints which critically examine the ways in which civil society organisations are affected by and are responding to political and financial dynamics These include reductions in traditional external aid for civil society activities but also the growth of new forms of funding through social enterprise philanthropy fundraising and contractual relationships with national government The operating environment for civil society is a central theme with authors exploring the legitimacy and credibility of different types of civil society organisation as well as the effects of legislative and regulatory restrictions on their sustainability The contributions finally examine new opportunities for civil society and the prospects for organisations to emerge that are less dependent on foreign aid funding that are more embedded in local communities and that can bring about lasting and sustained social and economic change This book was originally published as a special issue of Development in Practice *The International Business Environment* Leslie Hamilton,Philip Webster,2015 Explores the process of globalization and the impact this has on international business organizations The text presents a framework to analyse the economic political legal financial technological socio cultural and ecological environments thereby outlining the factors which affect the everyday business of organizations Global Trends of Modernization in Budgeting and Finance Ushakov, Denis,2018-11-30 Traditional financial markets are the most important lever of social and economic impact that can effectively regulate markets industries national economies and international economic interactions and form global and deeply integrated economic systems Due to the global spread of financial instability and waves of financial crises the problems of researching effective financial instruments to ensure national competitiveness becomes highly significant Global Trends of Modernization in Budgeting and Finance is a pivotal reference source that provides vital research on the impacts of financial globalization in the context of economic digitalization and national financial markets While highlighting topics such as entrepreneurship international business and socio economic development this publication explores modern conditions of rapid technological progress and financial market integration as well as the methods of increasing regional

intergovernmental organization efficiency This book is ideally designed for policymakers financial analysts researchers academicians graduate level students business professionals entrepreneurs scholars and managers seeking current research on new challenges and developments in national financial markets **UNESCO science report** UNESCO,2015-11-09 There are fewer grounds today than in the past to deplore a North South divide in research and innovation This is one of the key findings of the UNESCO Science Report towards 2030 A large number of countries are now incorporating science technology and innovation in their national development agenda in order to make their economies less reliant on raw materials and more rooted in knowledge Most research and development R D is taking place in high income countries but innovation of some kind is now occurring across the full spectrum of income levels according to the first survey of manufacturing companies in 65 countries conducted by the UNESCO Institute for Statistics and summarized in this report For many lower income countries sustainable development has become an integral part of their national development plans for the next 10 20 years Among higher income countries a firm commitment to sustainable development is often coupled with the desire to maintain competitiveness in global markets that are increasingly leaning towards green technologies The quest for clean energy and greater energy efficiency now figures among the research priorities of numerous countries Written by more than 50 experts who are each covering the country or region from which they hail the UNESCO Science Report towards 2030 provides more country level information than ever before The trends and developments in science technology and innovation policy and governance between 2009 and mid 2015 described here provide essential baseline information on the concerns and priorities of countries that could orient the implementation and drive the assessment of the 2030 Agenda for Sustainable Development in the years to come **Investing in Indonesia** Rosye Buray Salz,2016-05-31 Doing business in the country can be surprisingly complex In recognition of this and out of a desire to attract investors to the land of her birth Salz has put together an impressive guide that seeks to demystify the process John E Rope a compelling case for anyone considering developing a business in the fourth most populated country in the world J W Bankston The work is less about highlighting the advantages of Investing in Indonesia than a compendium of requirements Readers will learn about the steps to for instance acquire land or obtain necessary licenses J W Bankston The Oxford Handbook of Sovereign Wealth Funds Douglas J. Cumming,Geoffrey Wood,Igor Filatotchev,Juliane Reinecke,2017-10-12 Sovereign Wealth Funds SWFs represent both an increasingly important and potentially dominant category of alternative investor and a novel form for governments to project their interests both home and abroad As such they represent both economic actors and embody power vested in the financial and diplomatic resources they can leverage Although at times they have acted in concert with other alternative investors their intergenerational savings function should in theory at least promote more long termist thinking However they may be impelled in towards greater short termism in response to popular pressures demands from predatory elites and or unforeseen external shocks Of all the categories of alternative investment SWFs perhaps embody the most contradictory

pressures making for diverse and complex outcomes The aim of this volume is to consolidate the present state of the art and advance the field through new applied conceptual and theoretical insights The volume is ordered into chapters that explore thematic issues and country studies incorporating novel insights in on the most recent developments in the SWF ecosystem This handbook is organized into four sections and 23 chapters The four sections are Governance of SWFs Political and Legal Aspects of SWFs Investment Choices and Structures of SWFs Country and Regional Analyses of SWFs

Sustainable Energy for All 2015 ,2015 Sustainable Energy for All seeks to improve the lives of billions of people across the world and ensure a more sustainable future by working to achieve its three global objectives universal access to energy doubling of the rate of improvement in energy efficiency and doubling of the share of renewable energy in the global energy mix Accountability and transparency are essential for tracking Sustainable Energy for All s global progress Doing so will clarify where the initiative stands how various actions are contributing to the three objectives how much remains to be accomplished and where more action is needed to achieve Sustainable Energy For All This second edition of the SE4ALL Global Tracking Framework provides an update of how the world has been moving towards the three objectives over the period 2010 2012 The report also explores a number of complementary themes First it provides further analysis of the financial cost of meeting the SE4ALL objectives as well as the geographical and technological distribution of the investments that need to be made Second it explores the extent to which countries around the world have access to the technology needed to make progress towards the three goals Third it identifies the improvements in data collection methodologies and capacity building that will be needed to provide a more nuanced and accurate picture of progress over time Finally this new edition of the Global Tracking Framework explores and introduces nexus concepts focusing on the links between energy and four priority areas of development food water human health and gender Links between most of these areas and energy are well established but often presented in isolation of each other
