**Georges Brassens and Jacques Brel** Chris Tinker, 2005-01-01 This book explores the various personal and social narratives within the songs of Brassens and Brel the auteurs compositeurs interpretes who epitomised what is now widely regarded as the golden era of chanson française during the 1950s and 60s Tinker's discussion reveals the tensions in the narrators' relationship with themselves other individuals and society The book builds upon and moves beyond the two dominant critical approaches used to write about French song the exclusively biographical oriented approach and the purely linguistic analysis Tinker focuses both on identity viewed primarily as a relational process and on representation linguistic musical vocal and gestural

**Chanson** Peter Hawkins, 2017-09-29 En France tout finit par des chansons is the well known phrase which sums up the importance of chanson for the French A song tradition that goes back to the Middle Ages and troubadours of the twelfth and thirteenth centuries chanson is part of the texture of everyday life in France a part of the national identity and a barometer of popular taste In this first study of chanson in English Peter Hawkins examines the background to the genre and the difficulties in defining what is and what is not chanson The focus then moves to the development of the singer songwriter of chanson from 1880 to the present day This period saw the emergence of national icons from Aristide Bruant at the end of the nineteenth century through to internationally recognized musicians such as Jacques Brel and Serge Gainsbourg Each of these figures used chanson to express the particular moral dilemmas tragic situations and moments of euphoria particular to themselves and their times The book provides bibliographies discographies and details of video recordings for each of the singer songwriters that it discusses It is both an essential reference guide to the genre and a useful case history of the adaptation of an ancient form to the demands of the modern mass media

**Popular Music in France from Chanson to Techno** Hugh

Dauncey, 2017-07-05 In France during the 1960s and 1970s popular music became a key component of socio cultural modernisation as the music record industry became increasingly important in both economic and cultural terms in response to demographic changes and the rise of the modern media As France began questioning traditional ways of understanding politics and culture before and after May 1968 music as popular culture became an integral part of burgeoning media activity Press radio and television developed free from de Gaulle's state domination of information and political activism shifted its concerns to the use of regional languages and regional cultures including the safeguard of traditional popular music against the centralising tendencies of the Republican state The cultural and political significance of French music was again revealed

in the 1990s as French language music became a highly visible example of France's quest to maintain her cultural exceptionalism in the face of the perceived globalising hegemony of English and US business and cultural imperialism. Laws were passed instituting minimum quotas of French language music. The 1980s and 1990s witnessed developing issues raised by new technologies as compact discs, the minitel telematics system, the internet and other innovations in radio and television broadcasting posed new challenges to musicians and the music industry. These trends and developments are the subject of this volume of essays by leading scholars across a range of disciplines including French studies, musicology, cultural and media studies and film studies. It constitutes the first attempt to provide a complete and up-to-date overview of the place of popular music in modern France and the reception of French popular music abroad.

**Directors** Philippe Rège, 2009-12-11 Cinema has been long associated with France dating back to 1895 when Louis and Auguste Lumière screened their works, the first public viewing of films anywhere. Early silent pioneers Georges Méliès, Alice Guy Blaché and others followed in the footsteps of the Lumière brothers and the tradition of important filmmaking continued throughout the 20th century and beyond. In *Encyclopedia of French Film Directors* Philippe Rège identifies every French director who has made at least one feature film since 1895. From undisputed masters to obscure one-timers, nearly 3,000 directors are cited here, including at least 200 filmmakers not mentioned in similar books published in France. Each director's entry contains a brief biographical summary including dates and places of birth and death, information on the individual's education and professional training and other pertinent details such as real names when the filmmaker uses a pseudonym. The entries also provide complete filmographies including credits for feature films, shorts, documentaries and television work. Some of the most important names in the history of film can be found in this encyclopedia, from masters of the Golden Age, Jean Renoir and René Clair, to French New Wave artists such as François Truffaut and Jean-Luc Godard.

**Film and Video** Loren R. Lerner, 1997-01-01 This extensive bibliography and reference guide is an invaluable resource for researchers, practitioners, students and anyone with an interest in Canadian film and video. With over 24,500 entries of which 10,500 are annotated, it opens up the literature devoted to Canadian film and video at last, making it readily accessible to scholars and researchers. Drawing on both English and French sources, it identifies books, catalogues, government reports, theses and periodical and newspaper articles from Canadian and non-Canadian publications from the first decade of the twentieth century to 1989. The work is bilingual; descriptive annotations are presented in the language(s) of the original publication. *Canadian Film and Video: Film et vidéo canadiens* provides an in-depth guide to the work of over 4,000 individuals working in film and video and 5,000 films and videos. The entries in Volume I cover topics such as film types, the role of government, laws and legislation, censorship, festivals and awards, production and distribution companies, education, cinema buildings, women and film and video art. A major section covers filmmakers, video artists, cinematographers, actors, producers and various other film people. Volume II presents an author index, a film and video title index and a name and subject index. In

the tradition of the highly acclaimed publication *Art and Architecture in Canada* these volumes fill a long standing need for a comprehensive reference tool for Canadian film and video This bibliography guides and supports the work of film historians and practitioners media librarians and visual curators students and researchers and members of the general public with an interest in film and video

Série théâtre ,1907 L Illustration th trale *The Biology of Numbers* Giorgio Israel, Ana M. Gasca, 2013-03-07 Foreword The modern developments in mathematical biology took place roughly between 1920 and 1940 a period now referred to as the Golden Age of Theoretical Biology The eminent Italian mathematician Vito Volterra played a decisive and widely acknowledged role in these developments Volterra s interest in the application of mathematics to the non physical sciences and to biology and economics in particular dates back to the turn of the century and was expressed in his inaugural address at the University of Rome for the academic year 1900 01 VOLTERRA 1901 Nevertheless it was only in the mid twenties that Volterra entered the field in person at the instigation of his son in law Umberto D Ancona who had confronted him with the problem of competition among animal species asking him whether a mathematical treatment was possible From that time on until his death in 1940 Volterra produced a huge output of publications on the subject Volterra s specific project was to transfer the model and the concepts of classical mechanics to biology constructing a sort of rational mechanics and an analytic mechanics of biological associations The new subject was thus to be equipped with a solid experimental or at least empirical basis also in this case following the tried and tested example of mathematical physics Although very few specific features of this reductionist programme have actually survived Volterra s contribution was decisive as is now universally acknowledged in en couraging fresh studies in the field of mathematical biology **L'Illustration théâtrale** ,1912

organisation des sphères familiales et professionnelles chez ceux qui sont libres de choisir leur rythme. Emmaillés d'exercices d'auto-coaching, il permettra aux indépendants de finir et trouver leur équilibre. Ce livre est fait pour vous si vous venez juste de vous lancer et cherchez à construire une organisation équilibrée entre le temps nécessaire au développement de votre activité et vos enfants. Vous vous êtes installés dans un rythme qui ne vous convient pas parce que ça coïncide entre les sorties de école, les vacances et les jours où les enfants sont malades, vous ne trouvez plus le temps suffisant pour développer votre activité. Vous vous êtes installés dans un rythme qui pose des difficultés en termes de fatigue, le travail la nuit, manque de vacances et ou de reconnaissance, ni reconnu en tant que parent ni reconnu en tant que professionnel. Vous êtes insatisfait de votre équilibre et vous interrogez sur une éventuelle reconversion dans une activité, votre compte qui rattrapait selon vous la question. Vous vivez plusieurs jours de tout le travail par semaine et cherchez à construire une organisation et un rythme satisfaisant.

Irrésistibles patrons Jennie Adams, Emma Darcy, Judith McWilliams, 2012-11-15. Un patron bien trop charmant Jennie Adams. En découvrant qu'elle est enceinte de Nate Barrett son patron, Chrissy est désespérée. Que peut-elle espérer de cet homme qui la considère comme une conquête parmi d'autres. Et que faire sachant que Nate qui est juste venu remplacer son grand père hospitalisé, la tête de l'entreprise familiale va bientôt quitter l'Australie. Pour l'amour d'une secrétaire Emma Darcy. Depuis quelque temps Lucy se languit d'amour pour son patron, le beau James Hancock. Le problème c'est que ce dernier semble peine la remarquer. Du moins jusqu'au jour où Lucy arrive une soirée au bras de son meilleur ami, un Apollon qui attire tous les regards, y compris celui de James, tonnamment furieux. Un millionnaire pousser Judith McWilliams. Devenu un homme d'affaires riche, Max Sheridan songe qu'il est temps de se marier. Résolu à trouver la heureuse lue dans la haute société new-yorkaise, un milieu qu'il pratique peu, il engage Jessie Martinelli afin que celle-ci lui enseigne les usages. Jessie si belle si élégante que Max se demande bientôt si elle ne serait pas justement la femme idéale.
