Jail Writing News Report:

Workbook for News Reporting and Writing Brian S. Brooks, Missouri Group, George Kennedy, Daryl R. Moen, Don Ranly, 2010-11-10 It is a tumultuous time in journalism as media forms evolve and new models emerge. There are few clear answers but no one is more prepared than The Missouri Group to tackle these issues head on and to teach students the core enduring journalism skills they need to succeed whether they write for the local paper, a professional blog, cable news or even work in public relations. *Practical Exercises in News Writing and Editing* Douglass Wood Miller, 1923

Handbook on Prisons Yvonne Jewkes, 2012-08-21 This is the most comprehensive and ambitious book on prisons to have been published, a key text for anybody studying the subject and an essential work of reference for practitioners working in prisons and other parts of the criminal justice system. It is especially timely in view of the many changes and debates about the role of prisons and their future organisation and management as part of the National Offender Management Service. A key aim of the book is to explore a wide range of historical and contemporary issues relating to prisons, imprisonment and prison management and to chart likely future trends. Chapters in the book are written by leading scholars in the field and reflect the range and depth of prison research and scholarship. Like the *Handbook of Policing* and *Handbook of Crime Prevention and Community Safety*, the *Handbook on Prisons* will be the essential book on the subject.

Writing as Punishment in Schools, Courts, and Everyday Life Spencer Schaffner, 2019-06-11 A probing and prescient consideration of writing as an instrument of punishment. Writing tends to be characterized as a positive aspect of literacy that helps us to express our thoughts, to foster interpersonal communication and to archive ideas. However, there is a vast array of evidence that emphasizes the counterbelief that writing has the power to punish, shame, humiliate, control, dehumanize, fetishize and transform those who are subjected to it. In *Writing as Punishment in Schools, Courts, and Everyday Life*, Spencer Schaffner looks at many instances of writing as punishment, including forced tattooing, drunk shaming, court-ordered letters of apology and social media shaming, with the aim of bringing understanding and recognition to the coupling of literacy and subjection. Writing as Punishment in Schools, Courts, and Everyday Life is a fascinating inquiry into how sinister writing can truly be and directly questions the educational ideal that powerful writing is invariably a public good. While Schaffner does look at the darker side of writing, he neither vilifies nor supports the practice of writing as punishment. Rather, he investigates the question with humanistic inquiry and focuses on what can be learned from understanding the many strange ways that writing as punishment is used to accomplish fundamental objectives in everyday life. Through five succinct case studies, we meet teachers, judges, parents, sex traffickers and drunken partiers who have turned to writing because of its presumed power over writers and readers. Schaffner provides careful analysis of familiar punishments such as schoolchildren copying lines and more bizarre public rituals that result in ink-covered bodies and individuals forced to hold signs in public. Schaffner argues that writing-based punishment should not be dismissed as benign or condemned as a misguided perversion of writing but
