

I was an elementary student when I heard about the JROTC program. My high school friends once told me about it and were encouraging me to join the program. Somewhere along everybody's life's, one exceeds a sense of leadership and moral standards. It is within and only within this program, in which you will find yourself succeeding in most that you do. Until I finally made my way to high school, I was known to be a cadet and additionally, a student also.

As a starter, I knew nothing but to learn from my remaining days as a cadet. As I gain more knowledge about the program, I've learned that JROTC creates a new way of thinking. JROTC has given me the opportunity on becoming a superior leader. Not only has this program inspires me, but also other cadets in doing excellent jobs for the benefits of themselves.

Because the program provides us with a brighter future, First Sergeant and hopefully other sergeant, are pleasing us with valuable and meaningful lectures every single day. They have given us the opportunity to take responsibility in whatever that we do, and that shows how considerate they are to us. JROTC is composed of many activities in which majority of cadets take advantage of.

Without the JROTC program, I would never get the chance to honor brave men and women who have risked their lives for the freedom of our people. It was through participation that the program provides us with common set of rules and commands to follow. Within these set of rules, we are to listen carefully, learn from it and take action. Through the ending of school year, I've found myself progressing.

Hall,2024-06-18 A copy of the top secret memo below recently came into our hands and we thought we should bring it to your attention Dear National Security Elite In an ideal world the public would simply accept whatever their leaders you in other words told them They would comply with restrictions and mandates not as a matter of mere obedience but as a matter of unquestionable patriotic duty But we don t live in an ideal world And with the fate of the world especially the world s wars in the hands of our enlightened benevolent and eminently responsible national security elite in your hands in other words we can t afford to risk opening the conversation to an informed public And we certainly can t risk asking for anything so antiquated as consent either Not when the stakes are this high You simply must learn How to control the narrative every narrative in your favor How to completely capture the media and effectively quash dissent How destroying liberty creates more liberty in the long long run Why top down economic planning here and abroad is your best friend How to flout international and of course domestic law and get away with it And much much more The danger with any book like this is obviously that it may fall into the wrong hands If any member of the general public should happen upon these pages the consequences would be fatal After all people may realize that the national security elite you in other words

are not in fact all powerful harbingers of peace They may realize that you are literally a force for good armed and relentlessly attempting to bend the planet to your noble will And that realization would be nothing short of disastrous Don t let this book fall into the wrong hands Merciless in their penetrating analysis Christopher J Coyne and Abigail Hall have written the satirical portrait of America s contemporary military industrial complex Drawing inspiration from the 1936 classic How to Run a War by Bruce W Knight this book is a must read for anyone who would know the truth about America s endless wars and the people who run them The truth might just set us free It will certainly make you laugh Then really angry
