## **Jungle Animals With Cutouts For Faces:**

Urdu for Children, Book 1 Sajida Alvi, Humaira Ansari, 1997 Urdu for Children is the first comprehensive instructional package for teaching children Urdu as a second language. It includes a two volume textbook, a workbook for learning the mechanics of Urdu writing, a comprehensive teacher's manual, and an audio cassette. Aimed at North American children between the ages of four and six, Urdu for Children combines traditional and whole language instructional methods. The two volume textbook includes forty lessons, each structured around a story or poem that reflects the theme 'All About Me'. This theme was chosen because children in the primary division show the greatest enthusiasm for things that relate to themselves. The methodology outlined in the teacher's manual was specifically designed to promote the integration of listening, speaking, reading, and writing skills: the children listen to the story or poem recorded on the audio cassette or read by the teacher, repeat it in unison, and read it from the chart. Flash cards, role playing, and drawing are also used to reinforce vocabulary and comprehension. Developed by a team of trained school teachers with extensive backgrounds in teaching Urdu as a heritage language, Urdu for Children will help meet the needs of a rapidly growing Urdu speaking community in North America.

*Creatures Great and Small* Neil Griffiths, Anne Pratt, Sylvia Wright, 2001 Specifically designed to address the Foundation Curriculum Goals from the QCA      *Carousel Curriculum Forest Animals in Winter* Bridgett Parsons, 2012-02-13 CAROUSEL CURRICULUM Definition: carousel, a merry-go-round, a conveyer on which items are placed for later retrieval. Education should be fun, and we learn by retrieving old information and building on it. My curriculum is a collection of literature-based thematic units for early learners. The units are developmentally appropriate for all early learners. They are standards-based and Creative Curriculum friendly. Carousel Curriculum has been used successfully with young learners, including English language learners, children with special needs, and diverse learning styles, as well as homeschoolers. I am a teacher with 35 years of teaching experience in the areas of early childhood education and early childhood special education. Principals and co-workers always expressed an interest in my thematic units. This planted the bug for me to write down and market what I have used successfully for so many years. The curriculum was created through years of education experience, trial and error, revisions, and updating. Each unit covers a span of 4-6 weeks. Each unit includes an introduction, weekly outlines, daily plans, poems, and songs, a book list, additional activities, listed by domain, and related ideas for centers. Each unit can be used independently or be used as part of the collection of units to create an interwoven curriculum. *Animals and Their Environments*. The total collection includes Farm Animals, Forest Animals in Winter, Polar Animals, Jungle Animals, Pond Animals, and Ocean Animals. Additional units available are Farm Crops, A Safari, The Zoo, and The Circus. I hope the units will be a great resource for you and your class.
