Petrucha, Seth Lindberg, Allen Rausch, Rick Chillot, 2024-03-04 Without Death What's Left to Fear The Orpheus Group tells its clients that it has peeled back the mysteries of life and death Its investigators can separate their spirits from their living flesh and interact with the ghosts and spirits caught unseen but often felt in our world Rumors say that Orpheus even employs ghosts itself Some call it hogwash and skullduggery but Orpheus calls it market opportunity Plenty Four novellas from exciting voices in contemporary horror peel back the layers of the Orpheus phenomenon The investigators themselves are traumatized and wounded folks existing in a world where their fears are made manifest Worse still digging into the lands of the dead may have awoken something from the unseen depths Orpheus has made a profit on the afterlife but it remains to be seen if anyone will survive to cash their paychecks Chasing My Vision - Bollywood Dreams Sunny Makar, 2020-07-03 In the glamorous world of Nepotism and Cronyism experience what it takes to succeed in Bollywood A dream to become an Actor in Bollywood is a dream of millions of people out there This book provides a great insight on what an individual goes through in his journey to achieve his vision of becoming an Actor in Bollywood **Redemption Alley** Lilith Saintcrow, 2009-08-03 Some cases are unusual even for Jill Kismet When her police contact asks her to look into a suicide she suddenly finds herself in a labyrinth of deception drugs murder and all too human corruption The cops are her allies except for the ones who want her dead The hellbreed are her targets except for the ones who might know what's going on Her city is in danger time is running out and each lead only draws her deeper How far will a hunter go when her city and her friends are on the line Just far enough Step into Redemption Alley California Hit Don Pendleton, 2014-12-16 The Executioner comes to California to make the hills of San Francisco run red with blood San Francisco is the most photogenic city in America with rolling hills clanging trolleys and all the charm that Northern California has to offer But it is also the nation's pornography capital and for that it has drawn the attention of Mack Bolan the Executioner whose one man war against the Mafia grows more merciless with every battle He reopens the fight at a nightclub launching a satchel of high explosives into a meeting of local mobsters Just before it detonates he notices a delicate young beauty walking into the club He yanks her away from the blast delaying his own escape and bringing the full firepower of the San Francisco mob down onto himself She offers him a way out but will it lead to safety or an ambush Either way the Executioner will be ready California Hit is the 11th book in the Executioner series but you may enjoy reading the series in any order Hello: A Trilogy Addie Lynn Co, 2013-06-23 What if The One actually walks up to you and even says hello would you greet back or turn your back unknowingly that you have actually met Would you know when you've actually met Serendipity is a funny thing that brings a tinge of bittersweet bliss to anyone who is fortunate to experience it Hello is a trilogy that explores how serendipitous life can sometimes be Definitely Maybe is a story of how fate plays with two people as they meet each decade hoping that maybe this time around they can finally be together Almost Mismatch tells how two people so right for each other be so wrong and no matter how much they try to suppress their feelings true love will not stop at anything What is meant to be will be Finally

Dinner Date portrays how two people's search for love could take them to different places and people only to lead them back to where they started. The world is just like a huge maze that no matter what direction one walks to there will always be one final destination. There seems to be an invisible string that is handcuffed to two people on each end and unsuspectingly pulls these two people destined for each other back together no matter how long it takes.
