Just Play Naturally:

Just Play Naturally Vivien Mackie, Joe Armstrong, 2002 *Just Play Naturally* by Vivien Mackie in conversation with Joe Armstrong goes very deep into the creative process by recounting the steps by which Pablo Casals taught Mackie as a young woman to go beyond all her formal training in order to become a real musician and it goes on to show how an artist in this case a performing artist may continue going deeper all the rest of her life The dialogue between Vivien the cellist and Joe the flautist both of whom are skilled and devoted teachers of the Alexander Technique could profit any practitioner of the arts but it penetrates beyond art into life itself This book illustrates the evolution of a sense of rhythm of a connection to the breath of the ways in which the self combines the resources of the mind and the body of motion and stillness of pitch and meter Even more than the above this book tells how to change your life how to get in touch with the reality beneath learned experience Peter Davison Poet Editor I find *Just Play Naturally* extraordinary moving and important account of artistic discipleship dedication communion as well as a deepening revelation of the Alexander Technique Rosanna Warren Poet Professor of Comparative Literature Boston University I think that this is a most valuable addition to the list of books concerning the F Matthias Alexander Technique It describes the experiences encountered by an accomplished musician in making practical application of the Technique but it also reveals the extent to which one of the greatest musical artists of our time Pablo Casals thought and worked in accordance with the similar principles Readers will learn much from this book about an approach to study and performance from which all students could benefit W H M Carrington Master Teacher of the Alexander Technique London

Classroom Guitar for School Music Program: Walking in Harmony Level I Richard Tyborowski, 2011-03 For over twenty years of my professional life I have taught guitar at all levels from introductory to postgraduate When I was first asked to teach in the Grades 5-8 School Guitar Program I was both excited at the prospect and apprehensive about the challenges ahead I had never taught in such environment before and I wondered how my knowledge of the guitar world would resonate with large groups of children The first year turned out to be a string of mini disasters at least from my point of view Obviously I needed to change something and upon reflection decided to change my Guitar Class to a Guitar Orchestra In a guitar ensemble it is less important how difficult the notes are and much more important how different notes are performed together Once I adopted and implemented this principle my Guitar Orchestra started sounding much better from the very first note Instead of playing the same notes together students started playing in four voice

harmony This approach created more interest and of course more attention among students That initial success was also the starting point of this book **Outing** ,1918 Thurman Munson Christopher Devine,2015-09-11 When in 2000 the Baseball Writers Association of America elected the ever durable Carlton Fisk to the National Baseball Hall of Fame many fans quietly pointed to the Hall s omission of Fisk greatest American League contemporary Thurman Munson And when in 2001 the writers honored Kirby Puckett the Twins star forced to retire with glaucoma after a brilliant but brief 12 year career the same fans began to raise their voices in support of Munson another short timer who was once the toast of his team s hometown In a position that requires the strapping on of hot awkward equipment and the torturous alternation of standing and squatting most catchers struggle to maintain electrolytes let alone a respectable batting average It is in fact a position so demanding that men deemed good ball handlers or pitcher confidants might hang on in the big leagues for years despite their drag on a team s offensive production Munson like Fisk and National Leaguer Johnny Bench was a tough as nails backstop a Gold Glove winner and the unquestioned leader of his team Like Bench and Fisk too though to a lesser degree Munson had home run power But the Yankee captain was in at least one respect an even rarer breed of catcher one who manages despite the physical and mental demands of his position to finish each year somewhere near the 300 mark Munson who ranked in the top 10 among A L hitters five of the nine full seasons he played was widely considered one of his generation s great clutch hitters When the star catcher died at age 32 he was still in his prime and it seems clear to many that on August 2 1979 misfortune denied Munson his place in Cooperstown Outlived by his contemporaries who went on to post more impressive career numbers and now overshadowed by the accomplishments of catchers from the current batter biased era Munson s chances for recognition grow increasingly faint But for all the praiseworthy things he did on the field in his short career Thurman Munson accomplished as much in between the innings and games he labored through And it might be his influence for which he s ultimately remembered In this work author Chris Devine pays special attention to Munson as teammate friend husband and father *Strong Kids, Strong Futures* Sharpay Sarah Wheeler ,Colleen Sasa Walker, Give your child the skills to bounce back from challenges and thrive in today s complex world In a time when childhood anxiety is at an all time high and parents feel increasingly overwhelmed raising emotionally strong kids has never been more crucial But how do you build real resilience in your child without adding more to your already full plate *Strong Kids Strong Futures* delivers a groundbreaking science backed system that transforms how we think about childhood resilience Drawing on cutting edge research in neuroscience psychology and child development respected experts Sharpay Sarah Wheeler and Colleen Sasa Walker present eight powerful strategies that work together to build your child s capacity to handle life s inevitable challenges Inside this comprehensive guide you ll discover A clear practical resilience blueprint that adapts to your child s unique temperament and developmental stage Simple techniques to help your child recognize and manage strong emotions before they become overwhelming Effective approaches for teaching stress management skills that last a lifetime
