

2021 SORENTO

VEHICLE FEATURE TIPS

Many of the Tips presented below are covered in greater detail in the Owner's Manual, Multimedia System Manuals, Features and Functions Guide, and Quick-Start Guide hangtag supplied with your new vehicle.

VOICE RECOGNITION¹ AND BLUETOOTH²

Using Voice Recognition

Improve Bluetooth² Voice Recognition (VR) performance by making a few simple changes to your phone contacts:

- Use full names (first and last names) vs. short or single-syllable names ("John Smith" vs. "Dad," "Smith Residence" vs. "Home").
- Avoid using special characters, emojis, and hyphenated names (@, &, #, /, -, ., +, etc.).
- Avoid using acronyms ("Emergency" vs. "ICE" or "In Case of Emergency") or words with all capital letters.
- Spell words completely; system will not recognize abbreviations ("Doctor Smith" vs. "Dr. Smith").
- Always wait for the beep before speaking any commands.
- When using VR to place a call, speak in a natural, moderate tone, with clear pronunciation. The system may have trouble recognizing commands if you speak too softly or too loudly.
- Open windows, sunroof, weather (wind/rain), or an A/C fan operating at higher speeds can interfere with VR accuracy.
- Your VR system may have difficulty understanding some accents or uncommon names.
- Press the talk button and say "Help" to get a list of available commands.

Pairing or Connecting Your Phone with Bluetooth²

- Press the Phone hard key (if equipped) or "Call" button on the steering wheel to begin the pairing process if no phone has previously been paired.
- During the pairing process, please make sure you accept all requests for phonebook download and future auto-connection on your phone.
- To pair a second phone or subsequent phones, reference the manuals and guides supplied with your Sorento as steps vary by radio.

- If you experience any issues with auto-connection, try the following:

- Reboot your phone (turn the phone off and then on).
- Update the phone operating system to the most recently released version.
- Delete the phone from the list of Bluetooth² devices on the UVO display³ and delete UVO from the list of Bluetooth² devices on your phone, and re-pair.
- Ensure the phone has the Bluetooth² feature activated.

- If some contacts are not downloading to the UVO display, check to confirm that the contact has been entered correctly and that it has been stored under the categories (HOME, MOBILE, WORK, iPhone[®]) that are supported by the UVO display. Some contact categories (MAIN, PAGER, OTHER) may not be supported. If the number of contacts exceeds the maximum number allowed on the UVO display, contacts will be partially downloaded. Ensure that only the "phone contact list" is selected for contact download on your phone (not social media or email contact lists as these contacts may not download to the UVO display).

- Phone operating systems change frequently and some phones may have varying compatibility levels with the Bluetooth² system. For any questions regarding the features of your vehicle, please contact your preferred Kia dealer or contact Kia Consumer Assistance at 1-800-333-4542.

Other Bluetooth² Tips

- Bluetooth² reception is affected by carrier coverage and is dependent on the phone.
- If streaming audio through Bluetooth² from a device, ensure the listening volume on the device is turned up.

SMARTPHONE CONNECTIVITY¹

Apple CarPlay[™]

Your vehicle offers you effortless command of your compatible iPhone[®] when you connect through Apple CarPlay[™] on your UVO display. This will enable you to make calls, send hands-free texts, access your favorite music and apps, and get navigation help with Siri[®] voice control. To connect Apple CarPlay, visit <https://youtu.be/N1FQ1VqDt4A>.

Android Auto[™]

Your vehicle allows you to connect to your compatible Android[™] phone via Android Auto[™] on your UVO display. Through this feature, you can access music, your phone's dialer, navigation help, and more with an intuitive interface and voice commands. You can even access your phone through your steering wheel controls. To connect Android Auto, visit <https://youtu.be/QPv7y06-RM4>.
