I Spy with My Little Eye Something Beginning with S Koto Bolofo, 2010 In the age of digital photography Koto Bolofo is an old school photographer who still uses an analogue camera With his patient thoughtful approach to photo documentation his pictures celebrate objects and people in a humble uncluttered way Over a period of two months Bolofo explored the corridors of Steidlvill in G ttingen with the aim of creating a portrait of the printing and publishing house more personal than the photojournalistic series that have been made in the past He achieved this by focusing on often overlooked everyday details such as smeared rubber gloves tubs of ink and scraps of paper in a wire basket and by photographing those
