Grand Designs Aneta Podkalicka, Esther Milne, Jenny Kennedy,2018-11-28 This is the first academic book to examine the long running hit series Grand Designs which occupies a significant place in the popular imagination internationally The authors apply an empirically grounded critical perspective to the study of television to reveal how people use the program in their everyday lives The emphasis on everyday uses and meanings combines creatively with understanding the program theoretically textually and in terms of its production structures This position challenges framings of the popular lifestyle and factual television genre that has been dominated by a neoliberal or governmentality perspective for many years Presented by British designer and writer Kevin McCloud Grand Designs follows the progress of home owners as they embark on design renovation and building projects at almost always dizzying scales of endeavour Understanding the program as both a text to analyse and a site of material impact the book draws on interviews with production members home renovators building practitioners and audiences as well as references to associated media formats to provide contextual depth to the analysis The authors argue that as a cultural object the program is both shaped by and enacts social discourses of home making design

value and taste Navigating public commercial and promotional logics Grand Designs sparks new forms of cultural production and consumer markets

Cultures in our world often endorse the acceptability of beliefs and behaviors that God does not approve of Can a man be wiser than God The answer to that question from the Christian biblical perspective is Absolutely not Viewing women as objects of lust and not people of value who Jesus sacrificed His life to save and redeem is one of the problems of this world we live in This Christian fiction novel I wrote aims to shine the light of Jesus Christ on the consciousness of the reader partly in an attempt to uncover and expose the lies of the enemy about the consequences of sexual sins There is only one truth and that is found in the gospels of Jesus the Messiah There are some that want people and women specifically to be blind to the destructive nature of sin because misery loves company and because a predator wants prey The fact is that there are many great reasons to obey God in this area of life including preventing sexually transmitted diseases eliminating the possibility of an unwanted pregnancy or abortion having the support of a God fearing spouse to manage the difficulties of life and raising children together and even financial security because of the commitment and trust in a Christian marriage that is truly devoted to God In this book you will read about a prodigal daughter named Magdalene I m sure that name is familiar to Bible readers Magdalene s various experiences through her journey of life which I created as an expression of literary art illustrate the importance of making good decisions when tackling real life issues in our world today such as those mentioned above Even more real is the Savior of this world that Magdalene encounters who welcomes her as a loving Father The parable Jesus teaches us in Luke 15 found in the Bible inspired me to write this book When Magdalene accepts Jesus into her heart after an encounter with a special person sent to her by God Magdalene also learns to take accountability for her own mistakes In this way she finds forgiveness repentance and a closer relationship with Jesus that brings her a new and better life Magdalene leaving her old life and turning toward Jesus is the exciting part of this book I am not going to give any spoilers because I want you to read this book and find out for yourself what happens I wrote this book for the saved and the lost so if you are a prodigal son or daughter then this book is for you too My hope is that some women might read this book who identify with Magdalene s lifestyle at the beginning of the book and that those readers feel the Holy Spirit calling them to make a decision to live by faith in Jesus Christ as happens to several characters in this book Jesus is real God loves you no matter what you ve done because of His goodness not because any of us can ever earn His love and goodness God s grace is always a gift For by grace you have been saved through faith and this is not of yourselves it is the gift of God not a result of works so that no one
