UP FROM THE DUST Lester Mkanda, 2024-06-23 Lester Mkanda is a Malawian Irish Inspirational Entrepreneur Born in a dusty ghetto of Malawi Lester lost both of his parents by the age of 13 with so many deaths in his family his childhood was filled with tears poverty fear and loneliness a very unpleasant situation which forced

him to grow up fast and become mature beyond his age In search for greener pasture at a young age Lester migrated to South Africa hoping to get any kind of odd jobs to help him get by but things got even worse there before they got any better With absolutely nobody around to lend him a helping hand Lester became homeless in that foreign land sleeping on cardboard boxes outside shops from where he would wake up each morning not knowing where his next meal was going to come from Despite all the hardships that Lester was going through he maintained a positive attitude towards life worked hard and remain optimistic that things would someday get better at dream came to life when years later he landed at Dublin airport to start his new life in Europe with absolutely nothing but a backpack carrying few pairs of clothes he had holes in his socks and big dreams in his heart From there he went on to building a business empire for himself Lester is married to a fellow immigrant lady of Hungarian origin and together they have 2 children and lives in their family home in Ireland His current mission is to unashamedly use his life story and experiences to inspire and motivate those that are going through the challenges of life so they will begin to see themselves differently and begin to look for ways to turn their very own lives around and start to rise UP FROM THE DUST

Educating the Children of Migrant Workers in Beijing Myra Pong, 2014-10-17 Educating the Children of Migrant Workers in Beijing is a timely book that addresses the gap in the provision of basic education to migrant children in China It examines the case of Beijing with a focus on policy implementation at the municipal and district levels and its impacts on migrant schools and their students Rural migrant workers in the cities usually lack local hukou household registration and face serious obstacles in accessing basic social services including schooling for their children The educational situation of these children however can vary both across and within localities and despite policies and regulations from the central government there have emerged broad and sometimes even extreme differences in the implementation of these policies at the local levels This book uses evidence from qualitative interviews and the analysis of policy documents and materials to provide readers with a rare glimpse into the local politics surrounding migrant children's education in China's political center including the nature of and motives behind policy implementation at the municipal and district levels and the implications for the survival and development of migrant schools in the city Educating the Children of Migrant Workers in Beijing is a unique and in depth contribution to an important area and will appeal to scholars and students across a range of disciplines including China studies migration studies education social policy and development studies as well as to practitioners and policymakers working on migrant issues and social welfare provision in China
