Man Dolls For Women:

The Thinking Man's Guide to Women J. Steven Carr, 2009-09-26 Guys have you ever asked yourself Why is she so irrational Or Why does she always have to be right Ladies have you ever asked yourself What do I really want Or He's right why can't I tell him This book contains the answer and more **Emancipating the Female Sex** June Edith Hahner, 1990 June E Hahner's pioneering work *Emancipating the Female Sex* offers the first comprehensive history of the struggle for women's rights in Brazil Based on previously undiscovered primary sources and fifteen years of research Hahner's study provides long overdue recognition of the place of women in Latin American history Hahner traces the history of Brazilian women's fight for emancipation from its earliest manifestations in the mid nineteenth century to the successful conclusion of the suffrage campaign in the 1930s Drawing on interviews with surviving Brazilian suffragists and contemporary feminists as well as manuscripts and printed documents Hahner explores the strategies and ideological positions of Brazilian feminists In focusing on urban upper and middle class women from whose ranks the leadership for change arose she examines the relationship between feminism and social change in Brazil's complex and highly stratified society **Sex Dolls at Sea** Bo Ruberg, 2022-06-14 Investigating and reimagining the origin story of the sex doll through the tale of the sailor's dames de voyage The sex doll and its high tech counterpart the sex robot have gone mainstream as both the object of consumer desire and the subject of academic study But sex dolls and sexual technology in general are nothing new Sex dolls have been around for centuries In *Sex Dolls at Sea* Bo Ruberg explores the origin story of the sex doll investigating its cultural implications and considering who has been marginalized and who has been privileged in the narrative Ruberg examines the generally accepted story that the first sex dolls were dames de voyage rudimentary figures made of cloth and leather scraps by European sailors on long lonely ocean voyages in centuries past In search of supporting evidence for the lonesome sailor sex doll theory Ruberg uncovers the real history of the sex doll The earliest commercial sex dolls were not the dames de voyage but the femmes en caoutchouc women made of inflatable vulcanized rubber beginning in the late nineteenth century Interrogating the sailor sex doll origin story Ruberg finds beneath the surface a web of issues relating to gender sexuality race and colonialism What has been lost in the history of the sex doll and other sex tech Ruberg tells us are the stories of the sex workers women queer people and people of color whose lives have been bound up with these technologies **Coercive Control** Evan Stark, 2009-03-01 One of the most important books ever written on domestic violence *Coercive Control* breaks through entrenched views of physical abuse that have ultimately failed to protect women Evan Stark founder of one of America's first battered women's shelters shows how domestic violence is neither primarily domestic nor necessarily violent but a pattern of controlling behaviors more akin to terrorism and hostage taking Drawing on court records interviews and FBI statistics Stark details coercive strategies that men use to deny women their very personhood from beeper games to food logs to micromanaging dress speech sexual activity and work Stark urges us to move beyond the injury model and focus on

the real victimization that allows men to violate women's human rights with impunity Provocative and brilliantly argued Coercive Control reframes abuse as a liberty crime rather than a crime of assault and points the way to bringing real equality for women in line with their formal rights to personhood and citizenship freedom and safety My Fair Ladies Julie Wosk, 2015-07-28 The fantasy of a male creator constructing his perfect woman dates back to the Greek myth of Pygmalion and Galatea Yet as technology has advanced over the past century the figure of the lifelike manmade woman has become nearly ubiquitous popping up in everything from Bride of Frankenstein to Weir Science to The Stepford Wives Now Julie Wosk takes us on a fascinating tour through this bevy of artificial women revealing the array of cultural fantasies and fears they embody My Fair Ladies considers how female automatons have been represented as objects of desire in fiction and how living dolls have been manufactured as real world fetish objects But it also examines the many works in which the perfect woman turns out to be artificial a robot or doll and thus becomes a source of uncanny horror Finally Wosk introduces us to a variety of female artists writers and filmmakers from Cindy Sherman to Shelley Jackson to Zoe Kazan who have cleverly crafted their own images of simulated women Anything but dry My Fair Ladies draws upon Wosk's own experiences as a young female Playboy copywriter and as a child of the feminine mystique era to show how images of the artificial woman have loomed large over real women's lives Lavishly illustrated with film stills artwork and vintage advertisements this book offers a fresh look at familiar myths about gender technology and artistic creation **Male Bodies, Women's Souls**
