Catastrophe to Hope Harvey W. Meirovich, 2019-11-27 There are no pre packaged magic bullet solutions to life's anticipated and unforeseen hurdles Catastrophe to Hope Five Voices of the Bible underscores the inevitable everyone endures episodes of suffering and trauma When this happens a person can choose to take baby steps to restore some semblance of psychological and spiritual balance Catastrophe to Hope unveils a blueprint for gradual recovery by looking to five books from the Hebrew Bible for inspiration Read in light of each other the books of Lamentations Ecclesiastes Esther Song of Songs and Ruth forge a path that slowly moves from the shadows into sunlight If Lamentations and Ecclesiastes have much to say about languishing in pits of agony and anguish Esther shows how the will to survive can turn the tables on evil that relies on lies To restore a measure of equilibrium opens the door to engaging the Song of Songs with its soaring proclamation that love is as fierce as death The journey toward recovery culminates with Ruth's transitioning from trauma to triumph and her stalwart conviction that resilience and hope are vital components of humanity's spiritual DNA Catastrophe to Hope adds several inspirational stories to punctuate its message of mending and healing They include works by Shakespeare Elizabeth Barrett Browning Elie Wiesel Cynthia Ozick and the life of Joseph P Kennedy

Forgotten and Forsaken by God (Lamentations 5:19-20) Lina Rong, 2013-06-10 This study takes Lamentations as an integrated unity of form and content and considers the mini acrostic in Lam 5 19 20 as crucial for the interpretation of the whole book It applies a holistic approach and a dialogic interpretation to the book of Lamentations Examining first the extent to which an intrinsic connection exists between the acrostic structure and the content of the book Rong reads Lamentations as a whole from the angle of the mini acrostic in Lam 5 19 20 She explores whether and how this mini acrostic underlines the main themes running through the book Moreover Rong explores the dialogic interaction among the voices within Lamentations and between Lamentations and other related communal laments in the Hebrew Bible on the subjects of mood change and the admission of guilt Finally this book examines the significance of Lamentations for contemporary suffering individuals and communities

Imagining the Unimaginable Glyn Morgan, 2020-01-23 Imagining the Unimaginable examines popular fiction's treatment of the Holocaust in the dystopian and alternate history genres of speculative fiction analyzing the effectiveness of the genre's major works as a lens through which to view the most prominent historical trauma of the 20th century It surveys a range of British and American authors from science fiction pulp to Pulitzer

Prize winners building on scholarship across disciplines including Holocaust studies trauma studies and science fiction studies The conventional discourse around the Holocaust is one of the unapproachable unknowable and the unimaginable The Holocaust has been compared to an earthquake another planet another universe a void It has been said to be beyond language or else have its own incomprehensible language beyond art and beyond thought The othering of the event has spurred the phenomenon of non realist Holocaust literature engaging with speculative fiction and its history of the uncanny the grotesque and the inhuman This book examines the most common forms of nonmimetic Holocaust fiction the dystopia and the alternate history while firmly positioning these forms within a broader pattern of non realist engagements with the Holocaust

Trauma and the Failure of History David Janzen, 2019-08-02 A theoretical and exegetical exploration of trauma in the Hebrew Bible David Janzen discusses the concepts of history and trauma and contrasts the ways historians and trauma survivors grapple with traumatic events a contrast embodied in the very different ways the books of Kings and Lamentations react to the destruction of Jerusalem Janzen s study warns that explanations in histories will tend to silence the voices of trauma survivors and it challenges traditional approaches that sometimes portray the explanations of traumatic events in biblical literature as therapeutic for victims Features Exploration of history as a narrative explanation that creates a past readers can recognize to be true Examination of how trauma results in a failure of victims to fully experience or remember traumatic events A case for why the past is a construction of cultures and historians
