It's in the Bible! Arthur Padilla, 2019-09-17 The Bible is easily the most influential and most quoted book in western society It is revered so much that it is used to swear in to office the President of the United States Supreme Court Justices and other elected government officials When the President and other U S government officials swear that they will carry out their duties with the help of the Biblical God few if any are aware that according to scripture the Biblical God is actually a man He is specifically a man of war as stated in the following scripture The Lord is a man of war the Lord is his name Exodus 15:3 Perhaps this is a reason why the United States has been at war 93 percent of the time since its existence The Bible has had significant historical social and political influences on humanity More importantly the Bible continues to significantly influence humanity today A specific example is today's conflict in the Middle East between Israel and its neighbors Israel bases its claim to the land in dispute with the argument that the God of the Bible gave them that land approximately 3,425 years ago as described in the Old Testament of the Judeo Christian bible This book takes this same literal approach in interpreting the narrative scripture concerning the God and events described in the same bible A few of the many items discussed in this book concerning biblical scripture are The U S is the modern version of Old Testament Israel That the Biblical God is actually a man or manlike entity Inferences to very advanced technology Inferences that Jesus of the Gospel was gay More than one Jesus Christ The second coming has already happened Reincarnation concerning Jesus and the prophets Periodic mass extinction

Israel on a Budget Nava Bloch, 1989 [From Adam to Omega](#) A.R. Roberts, 2020-09-24 Due to government secrecy the public never learned of the numerous UFO incursions at strategic nuclear weapons installations where they disabled ICBM missiles and even activated their launch codes They never heard about UFO encounters reported by police officers civilian and military pilots and astronauts and they were never told the real facts of the Roswell event The volume of evidence suggesting we are not alone and probably never have been is overwhelming It suggests an alien agenda to accelerate the evolution of the human race To understand what is happening requires knowledge of what is going on today as well as the past particularly during the biblical era Much has been learned through the Freedom of Information Act from

whistleblowers and government and military officials This book connects the dots suggesting what aliens have been doing for the past several thousand years **RETURN OF THE GIANTS - black and white version , Catalog of Copyright Entries** Library of Congress.
