censorship to name just a few It s also the only guide that takes a teen centered approach putting front and center the idea that as with so many other things book clubs for teens are not merely scaled back versions of adult clubs Whether you are starting a club attempting to revive a flagging program or building on past success this manual offers you innovative pragmatic ideas that will attract and retain teen readers Grades 6 12 Teen Book Clubs offers a fresh new approach for today s teen readers and clear instructions along with tips and ideas for building teen centered book clubs In 12 brief chapters the book covers the teen centered book club what it is and what it takes to make it work putting it together planning and putting the plan in action going public recruiting boosting visibility garnering support 15 cunningly creative types of teen book clubs using book club to develop teen leaders scads of book lists reproducibles and sample discussion prompts tweaking troubleshooting and tips for keeping it civilized evaluations beyond measure resources for more information Filled with practical checklists figures worksheets and reproducibles this is the guide that all teen book club leaders should have
