

MORPHOLOGY: A REVIEW AND FURTHER PRACTICE

1. What are TWO key differences between inflectional and derivational morphemes in English?

- (i) Inflectional morphemes can only be suffixes; derivational morphemes can be either prefixes or suffixes.
- (ii) Inflectional morphemes never change the word class or meaning of a word; derivational morphemes often do change the meaning or word class of a word.

2. In the words below, identify all bound, free, derivational, and inflectional morphemes:

nonconformist, decontextualized, repeating, scariest, untested, carelessly

non- (bound, derivational), *conform* (free), *-ist* (bound, derivational)

de- (bound, derivational), *context* (free), *-ual* (bound, derivational), *-ize* (bound, derivational), *-ed* (bound, inflectional)

repeat (free), *-ing* (bound, inflectional)

scare (free), *-y* (bound, derivational, here spelled as *-i*), *-est* (bound, inflectional)

un- (bound, derivational), *test* (free), *-ed* (bound, inflectional)

care (free), *-less* (bound, derivational), *-ly* (bound, derivational)

3. Is *fight* a member of a closed class of words or an open class?

The word *fight* could be a noun or a verb. Both of these word classes are open because they readily admit new members.

4. Which is the only "verb class" which is "closed"? (Think about a type of verbs whose class does not admit new members)

The form class of auxiliary verbs is closed because English is unlikely to add a new verb to the class of auxiliaries.

5. Identify the type of word-formation process by which the following words have been created. Briefly explain how they have been formed.

telebanking (affixation) *rosewater* (compounding) *semi-circle* (affixation)

to narrow (conversion) *hunter-gatherer* (affixation + compounding)

aeromasterchief (affixation) *radar* (acronymy)
