Understanding and Creating Digital Texts Richard Beach, Chris M. Anson, Lee-Ann Kastman Breuch, Thomas Reynolds, 2014-10-16 Given the increased use of digital reading and writing tools in the classroom this book provides secondary and college English language arts teachers with activities and classroom examples for using a range of different digital tools blogs wikis websites annotations Twitter mapping forum discussions etc to engage students in understanding and creating digital texts It therefore integrates reading and writing instruction through goal driven activities supported by uses and affordances of digital tools This book also provides a framework for designing these activities that encourage students to define purpose and audience make connections between digital texts and people collaborate with others employ alternative modes of communication and gain new perspectives and constructing identities practices that are linked to addressing the high school English Language Arts Common Core State Standards The book also describes ways to use digital tools to support these practices for example using digital tools to foster students collaborative reading and writing The book also describes use of digital feedback and e portfolio tools to foster students reflection on their uses of these practices

The Miseducation of English Learners Grace P. McField, 2014-01-01 Sometimes you need to hear the story from the beginning The Miseducation of English Learners examines the initial policy impact of Structured English Immersion SEI an English only program mandated for English Learners ELs in California Arizona and Massachusetts in the United States The book features analyses of the legal context and parameters of SEI research history on SEI SEI language policy and policy implementation according to situated context and the educational priorities and legal rights of ELs The book examines the history of SEI in the educational research literature and as it has been interpreted in the context of the legal requirement for schools to take appropriate action to meet the needs of ELs following the historic Lau v Nichols 1974 court decision The

Miseducation of English Learners also presents and considers the implementation of SEI in comparative contexts from various perspectives including teacher education the classroom and legal In several of the chapters SEI implementation is examined in concert with other factors that have effected the teaching and progress of ELs such as Senate Bill 2042 2001 that overhauled the teacher education process in California and the federal No Child Left Behind legislation signed into law on January 8 2002 Moreover the book provides implications and recommendations for teaching research advocacy and policy change The Miseducation of English Learners addresses and invites the readers to consider the following key questions How appropriate is the mandated SEI program for ELs both in substance and in the one year duration as specified in the three voter initiated propositions Proposition 227 Proposition 203 and Question 2 What issues themes and patterns can be noted in the implementation of SEI in California Arizona and Massachusetts Why might the student outcomes not show the desired results in measures such as achievement test scores or dropout rates What necessary changes are called for in order to enhance or in some cases supplant the SEI programs and services in place for ELs Are ELs parents and other stakeholders able to thoughtfully select desired and optimal instructional programs and participate meaningfully in the educational process of language minority students under the SEI mandates

Teaching with Literacy Programs Patricia A. Edwards, Kristen L. White, Ann M. Castle, Laura J. Hopkins, 2023-09-21 Winner of the AACTE 2025 Gloria J Ladson Billings Outstanding Book Award A step by step guide to developing equitable literacy instruction by adapting curriculum to support diverse learners In Teaching with Literacy Programs Patricia A Edwards Kristen L White Laura J Hopkins and Ann M Castle

present a model that allows educators to address educational inequity through the critical and adaptive use of existing literacy curriculum materials In this accessible work they advise educators on ways to combine common classroom materials such as basal readers and core reading programs with instructional practices that provide high quality responsive instruction to all students Edwards White Hopkins and Castle credit literacy instruction as a core part of overall educational equity and they recognize the crucial role that educators play in translating materials into instruction that benefits all learners Here they offer teacher education in support of this essential role deftly guiding educators through a four part development process CARE an acronym for cultivating critical consciousness analyzing materials reconstructing curricula and evaluating instruction reflectively to advance equity Built upon culturally relevant sustaining and antiracist pedagogy CARE enables teachers to provide literacy instruction that meets the range of needs and performance levels in classrooms supporting students in attaining academic achievement cultural competence and critical consciousness The approach outlined in this work which can be put into immediate practice helps educators to provide literacy instruction that builds on students multiple literacies and reduces educational inequity

The Climate Bonus Alison Smith, 2013-06-26 We urgently need to transform to a low carbon society yet our progress is painfully slow in part because there is widespread public concern that this will require sacrifice and high costs But this need not be the case Many carbon reduction policies provide a range of additional benefits from reduced air pollution and increased energy security to financial savings and healthier lifestyles that can offset the costs of climate action This book maps out the links between low carbon policies and their co benefits and shows how low carbon policies can lead to cleaner air and water conservation of forests more sustainable agriculture less waste safer and more secure energy cost savings for households and businesses and a stronger and more stable economy The book discusses the ways in which joined up policies can help to maximise the synergies and minimise the conflicts between climate policy and other aspects of sustainability Through rigorous analysis of the facts the author presents well reasoned and evidenced recommendations for policy makers and all those with an interest in making a healthier and happier society This book shows us how instead of being paralysed by the threat of climate change we can use it as a stimulus to escape from our dependence on polluting fossil fuels and make the transition to a cleaner safer and more sustainable future
