Forms of Practitioner Reflexivity Hilary Brown, Richard D. Sawyer, Joe Norris, 2016-09-07 This edited volume addresses the different methods professionals use to promote a critical reflective and reflexive stance among practitioners leading to both a reconceptualization of practice and its subsequent change The goal of increased reflection in professional education is intended to expand approaches for professionals to work with diverse others It is also intended to increase their levels of cognitive differentiation and depth of professional consciousness about themselves alongside diverse others in a rapidly changing world This is an important issue in a range of applied professional programs from education to medicine social work to psychology business to criminal justice in nearly every country in the world

Literacy and Advocacy in Adolescent Family, Gang, School, and Juvenile Court Communities Debra Smith, Kathryn F. Whitmore, 2006-08-15 The goal of this book is to encourage educators and researchers to understand the complexities of adolescent gang members lives in order to rethink their assumptions about these students in school The particular objective is to situate four gang members as literate caring students from loving families whose identities and literacy keep them on the margins of school The research described in this book suggests that advocacy is a particularly effective form of critical ethnography Smith and Whitmore argue that until schools as communities of practice enable children and adolescents to retain identities from the communities in which they are full community members frightening numbers of students are destined to fail The stories of four Mexican American male adolescents who were active members of a gang and Smith s students in an alternative high school program portray the complicated multiple worlds in which these boys live As sons and teenage parents they live in a

family community as CRIP members they live in a gang community as at risk students drop outs and graduates they live in a school community and as a result of their illegal activities they live in the juvenile court community The authors theorize about the boys literacy in each of their communities Literacy is viewed as ideological related to power and embedded in a sociocultural context Vivid examples of conversation art tagging rap poetry and other language and literacy events bring the narratives to life in figures and photographs in all the chapters Readers will find this book engaging and readable yet thought provoking and challenging Audiences for Literacy and Advocacy in Adolescent Family Gang School and Juvenile Court Communities include education researchers professionals and students in the areas of middle high school education at risk adolescent psychology and alternative community programs specifically those interested in literacy education sociocultural theory and popular culture Student Diversity, 3rd Edition Faye Brownlie, Catherine Feniak, Leyton Schnellert, 2016-10-14

From ice breaking activities to ways to meet specific expectations in all areas of the curriculum teachers will discover practical strategies and organizational frameworks that will help them to reach all students Whether you re searching for new ways to inspire students with different learning styles celebrate the abilities of the physically challenged or boost the skills of those learning English for the first time Student Diversity has what you need to meet and defeat the wide variety of challenges in today s classroom Packed with examples of student work and reproducible worksheets this book will help to smooth the daily path of beginning and experienced teachers alike **Social Diversity within Multiliteracies** Fenice B. Boyd, Cynthia H. Brock, 2014-12-05 Using a multiliteracies theoretical framework highlighting social diversity and multimodality as central in the process of meaning making this book examines literacy teaching and learning as embedded in cultural linguistic racial sexual and gendered contexts and explores ways to foster learning and achievement for diverse students in various settings Attending simultaneously to topics around two overarching and interrelated themes languages and language variations and cultures ethnicities and identities the chapter authors examine the roles that multiliteracies play in students lives in and out of classrooms In Part I readers are asked to examine beliefs and dispositions as related to different languages language varieties cultures ethnicities and identities Part II engages readers in examining classroom and community practices related to different languages and language varieties cultures ethnicities and identities

Intercultural Families and Schooling in Japan: Experiences, Issues, and Challenges ,2020-09-01 The purpose of this book is to show how research on families can be used to offer inspiration suggestions and guidance to intercultural families choosing to school their children in the regular Japanese school system Each chapter is written by a parent or parents who are themselves researchers and thus bring their skills to the task of writing about issues which have affected their families and are likely to affect other families in similar ways There are also suggestions for other non Japanese parents coping with similar issues The book is divided into three sections The first Finding our own way deals with children s and parents struggles with identity and inclusion in Japanese schools and society The second Dealing with the Japanese school

system offers narratives and advice on such topics as coping with homework and dealing with more than one school system as well as what government accredited Japanese overseas schools have to offer The third section Coping with challenges examines the experiences of families where children are different because they have physical or intellectual challenges or live with foster or adoptive families The book concludes with a narrative about a family who made the decision to remove their children from the Japanese system entirely and send them abroad for schooling The authors of the chapters in this book are all current or former university faculty living in different areas of Japan Some who live in highly populated urban areas have had ample opportunities to locate educational options for their children while others living in rural communities have had to struggle to advocate for their children s inclusion in mainstream classes Their stories are all compelling and their advice is certain to be helpful to those planning to or already raising children in Japan This book will also be of value to researchers and educators particularly those with an interest in bilingualism intercultural families and cross cultural issues along with anyone wishing to learn more about contemporary Japanese society
