

Un défi à relever collectivement

— Contribution établie à partir de l'intervention de Gilles Kepel, professeur des universités et professeur à l'Ecole normale supérieure à Paris (France)

Le phénomène de la radicalisation, et surtout ses aspects violents, a pris au dépourvu nombre d'Etats occidentaux comme orientaux. La France est aujourd'hui le premier exportateur de djihadistes européens vers la Syrie : c'est pourquoi, depuis 2014, la réflexion s'organise. Il faut identifier le phénomène afin de l'analyser pour développer une politique de prévention, de répression, de contrôle aux frontières, d'analyse, de réinsertion, voire d'emprisonnement. La multiplicité des tâches à accomplir en simultané est un véritable défi collectif pour la société française.

La troisième génération du djihadisme

La parution en janvier 2005 de *l'Appel à la résistance islamique mondiale* par l'idéologue syrien Abou Moussab al-Souri marque la naissance du djihadisme dit de « troisième génération ». L'Europe y est désignée comme le ventre mou de l'Occident et la cible d'actions terroristes menées par des populations européennes. Ce phénomène s'est d'abord développé de manière souterraine sur les sites de partage vidéo, sur les réseaux sociaux et dans le système carcéral. Il profite aussi de la décomposition qui a suivi certains des soulèvements arabes de 2010-2011 et de la création de zones de non-droit proches de l'Europe : Libye, Syrie, Yémen, Sahel, ou Sinaï égyptien.

Face à ce défi, une réflexion en profondeur attend les universitaires et les administrations. Il faut pouvoir penser et interpréter les mutations de nos sociétés, et faire face aux fragmentations internes et aux violences idéologiques présentes sur nos territoires. Destinées à l'administration, les formations organisées par le Comité interministériel de prévention de la délinquance et de la radicalisation (CIPDR) avec des universitaires et des acteurs associatifs ont permis l'identification et la prise en charge du phénomène. Auprès des familles, des initiatives de réinsertion et de signalement ont été menées de façon empirique ; mais face au terrorisme, le rôle des sciences humaines et sociales est prépondérant. Il faut créer un système d'analyse d'un phénomène jusqu'ici inconnu. Dans
