**Community Empowerment, Sustainable Cities, and Transformative Economies** Taha Chaiechi, Jacob Wood, 2022-01-12 This edited volume presents the conference papers from the 1st International Conference on Business Economics Management and Sustainability BEMAS organized by the Centre for International Trade and Business in Asia CITBA at James Cook University This book argues that the orthodox methods of external risks climate change adaptation plans and sustainable economic growth in cities are no longer adequate These methods so far have not only ignored the ongoing structural changes associated with economic development but also failed to account for evolving industries composition and the emergence of new comparative advantages and skills Specifically this book looks at the vulnerable communities and exposed areas particularly in urban areas that tend to experience higher susceptibility to external risks such as climate change natural disasters and public health emergencies have been largely ignored in incremental adaptation plans Vulnerable communities and areas not only require different adaptive responses to climate risk but also possess unlocked adaptive capacity that can motivate different patterns of sustainable development to achieve the goals of the 2030 Agenda It is essential therefore to view transformative growth and fundamental reorientation of economic resources as integral parts of the solution Social disorganisation and vulnerability are other undesired outcomes of the unpredictable and widespread external economic shocks This is due to a sudden and tough competition between members of society to acquire precious resources most of which may be depleted during unprecedented events such as natural disasters or pandemics resulting in an even more chaotic and disorganised conditions

**Board Directors, Financial Derivatives, and Corporate Governance: The Case of Vietnam** Tran Thi Hong Lien, 2022-05-09 This book gives readers a look inside the boardrooms and directors minds a desirable but highly challenging task for researchers due to the lack of access to top teams in organizations This book breaks through that barrier with a mixed methods investigation of boardrooms in the

emerging country of Vietnam particularly on the topic of financial derivatives Directors are the leading players within the corporate governance framework The general effectiveness of the board depends on their roles processes and competencies Given the scandals marring the history of the financial industry this book aims to tackle the question of whether board directors have the financial acumen required to handle the tricky instruments of financial derivatives through interviews with board directors and analysis of their organizations Providing a managerial perspective of financial derivatives this distinguishes itself from more popular financial engineering books and would be a useful read for government officials board directors training organizations and scholars particularly in Vietnam

**Risk Management in Crisis** Piotr Jedynak, Sylwia Bąk, 2021-08-19 Risk management is a domain of management which comes to the fore in crisis This book looks at risk management under crisis conditions in the COVID 19 pandemic context The book synthesizes existing concepts strategies approaches and methods of risk management and provides the results of empirical research on risk and risk management during the COVID 19 pandemic The research outcome was based on the authors study on 42 enterprises of different sizes in various sectors and these firms have either been negatively affected by COVID 19 or have thrived successfully under the new conditions of conducting business activities The analysis looks at both the impact of the COVID 19 pandemic on the selected enterprises and the risk management measures these enterprises had taken in response to the emerging global trends The book puts together key factors which could have determined the enterprises failures and successes The final part of the book reflects on how firms can build resilience in challenging times and suggests a model for business resilience The comparative analysis will provide useful insights into key strategic approaches of risk management The Open Access version of this book available at <http://www.taylorfrancis.com/books/oa/mono/10.4324/9781003131366> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
