Did you know that only 1 out of 5 people opt for life insurance The reason behind this is simple People don t consider life insurance an essential part of their retirement plan or their life in general Many people have a general perception regarding life insurance The common one is that life insurance is something to protect their families if they face any financial difficulties Such a situation is assumed to arise when the breadwinner either retires passes away or makes a bad investment What kind of bad investment do people make though These can be in form of trusting a friend with a new venture or putting money in the stock market without prior knowledge of expertise It can also be investing in real estate without the proper know how property and land value The unknown risk factor in a line between failure and success It exists whenever a person plans on investing in any business venture Yet at times it is not that complicated Now any investment is risky You only need to learn how to play safe Rather than foolishly selling everything you have or own put a portion The solution is Infinite banking If you answer yes to any of these questions then this is the book for you Do you have a 401k IR ROTH IRA and looking for guaranteed results or afraid of loosing its value over time Are you afraid of running out of money in retirement years Does your lifestyle increase debt instead of decreasing it Are you looking for a way to leave a legacy for generations to come Do you pay Taxes and looking for a tax free retirement
