## Everything With You:

*Gaṇeśapurāṇa: Upāsanākhaṇḍa* ,1995      **The Moses Code** James F. Twyman,2008-03-01 Is it possible that nearly 3 500 years ago Moses was given the secret for attracting everything you ve ever desired The Moses Code was first used to create some of the greatest miracles in the history of the world but then it was hidden away and only the highest initiates were allowed to practice it In this book James F Twyman reveals the Code for the first time showing how it can be used to create miracles in your life and in the world By practicing the principles presented within these pages you ll discover how you can integrate the most powerful manifestation tool in the history of the world into your own life At the very heart of the Moses Code is the true function and practice of the Law of Attraction You may have been told that this Law is all about getting the things you want things that you think will make your life more satisfying But what if that s just the first step and cracking the Moses Code depends more on what you re willing to give rather than get That would mean that you have the power to create miracles in your life right now It would also mean that you have the ability even the responsibility to use that power for more than just attracting money a better car or the perfect relationship You re here to use the power of Divinity itself to create a world based on the laws of compassion and peace That s the task that lies before us      **Sisters of the Extreme** Cynthia Palmer,Michael Horowitz,2000-05-01 An anthology of writings by some of the most influential women in history on the often misunderstood and misrepresented female drug experience With great honesty bravery and frankness women from diverse backgrounds write about their drug experiences Women have been experimenting with drugs since prehistoric times and yet published accounts of their views on the drug experience have been relegated to either antiseptic sociological studies or sensationalized stories splashed across the tabloids The media has given us an enduring but inaccurate stereotype of a female drug user passive addicted exploited degraded promiscuous But the selections in this anthology penned by such famous names as Billie Holiday Anais Nin Maya Angelou and Carrie Fisher show us that the real experiences of women are anything but stereotypical Sisters of the Extreme provides us with writings by women from diverse occupations and backgrounds from prostitute to physician who through their use of drugs dared cross the boundaries set by society often doing so with the hope of expanding themselves and their vision of the world Whether with LSD peyote cocaine heroine MDMA or marijuana these women have sought to reach through their experimentation other levels of consciousness Sometimes their quests have brought unexpected rewards other times great suffering and misfortune But wherever their trips have left them these women have lived courageously if sometimes dangerously and written about their journeys eloquently      **The Source of Leadership** David Traversi,2007-09-01 Leadership is failing in many forums and failing at an increasing rate as technology accelerates and complicates our existence Inside you ll discover the keys the source to embodying and performing the well known but highly elusive traits and functions respectively of the high impact leader You ll learn how to develop eight personal drivers energies deep within each of which drives several of the traits and functions of

the high impact effective leader Presence Clarity of thought emotion and behavior Openness Intention Personal responsibility Intuition Creativity Connected communication With the burgeoning trend toward seeking a deeper grounding personally as a means of performing better professionally The Source of Leadership is the early defining voice of this new leadership discipline See [www.thesourceofleadership.com](http://www.thesourceofleadership.com)      **To Die Before Death** M.
