

WHERE TO FIND OLD RV OWNER'S MANUALS?

...and pump clean-out valves fully.
Do not open the dump valve until the sewage drain hose end valve is open. If you open the dump valve before the hose valve, the hose will fill with sewage water and become difficult to move or could become clogged.

3. Open the Black Waste Tank Drain valve with a quick pull. Move the sewage drain hose gently about to dislodge any waste and to ensure complete drainage. Close the Black Waste Tank Drain valve as soon as the tank is empty.

NOTE: DO NOT OPEN BOTH VALVES AT ONCE. Do not open the Gray Waste Tank Drain valve until the black tank is drained and Black Waste Tank Drain valve closed to avoid sewage back-up into gray tank. Gray water also rinses any black water solids from the sewage drain hose.

Sewage Drain
Dust Cap

and Gray Waste Tank Drain Valves
(located in water service center)
-Typical View

After both tanks have been drained, open the Black Water Holding Tank. Your Black Water Holding Tank is located behind the toilet. (If hose is not available, use several gallons of water into the tank through the toilet. Then open the Black Water Tank Drain valve and drain the tank. Close Black Waste Tank Drain valve.)

6. Close sewage drain hose valve by pulling handle up until lock snaps into place (if equipped).
7. Rinse end of sewage drain hose thoroughly with water and store.

-Typical View

NOTE: If the sewage drain hose will not collapse while storing, open the sewage drain hose end valve (if equipped) to release air trapped inside the hose.

8. Add an odor control chemical to the black waste holding tank through the toilet. The chemicals are available at most RV stores.

NOTE: We recommend that you dump your holding tank at a dump station.

Grimsby Camper Owner Manual
