Fuller compared both systems in their tendency to convert profligates to a life of holiness to convert professed unbelievers their development of a standard of morality to encourage love to God candor and benevolence toward men encourage humility and charity promote love for Christ and veneration of Scripture develop happiness cheerfulness gratitude obedience and heavenly mindedness in the followers of the respective systems If challenged that he is being judgmental and has focused on subjective criteria Fuller replied that he is merely engaging the Socinians at the place where they have invited investigation Fuller intended to lay bare the emptiness of the Socinian boast to virtue The work first was published in 1793
