Watkins, 2021-06-01 The French Jesuit Isaac Joseph Berruyer's *Histoire du peuple de Dieu* was an ambitious attempt to connect the ideas of the Enlightenment with the theology of the Catholic Church A paraphrase of the Bible written in vernacular French the *Histoire* promoted progress the pursuit of happiness the fundamental goodness of humanity and the capacity of nature to shape moral human beings Berruyer aimed to update the Bible for a new age but his work unleashed a furor that ended with the expulsion of the Jesuits from France Berruyer's Bible offers a fresh perspective on the history of the Catholic Enlightenment By exploring the rise and fall of Berruyer's *Histoire* Daniel Watkins reveals how Catholic attempts to assimilate Enlightenment ideas caused conflicts within the church and between the church and the French state Berruyer's Bible flips the traditional narrative of the Enlightenment on its head by showing that the secularization of French society and the political decline of the Catholic Church were due not solely to the external assaults of anti-clerical philosophes but also to the internal discord caused by Catholic theologians themselves Built upon extensive research in archives across Western Europe and the United States Berruyer's Bible paints a vivid picture of the tumultuous intellectual world of the Catholic Church and the power of radical ideas that shaped the church throughout the Enlightenment the French Revolution and beyond **Polybiblion** Gustave Pawlowski, Henri Stein, 1893 **Catalogue of the Library of the Boston Athenaeum, 1807-1871** Boston Athenaeum, 1876 **Catalogue of the Library of the Boston Athenaeum. 1807-1871 ...: D-H** Boston Athenaeum, 1876 *Chambers of Commerce in Europe* Detlef Sack, 2021-01-04 Chambers of commerce are omnipresent in domestic public policy and play a crucial role in business self governance However they are rather neglected in both public and scientific

debates and seem to be in decline This volume fills this gap in research on organised business and state market coordination in Europe The contributions discuss chambers of commerce as interest groups and actors in political systems and address the institutional changes that this kind of self governance is undergoing The development of chambers of commerce in recent decades shows a wide array of mechanisms for institutional adaptation ranging from displacement and conversion to enduring stability This volume gives an insight into the dynamics and factors affecting these changes with case studies on Austria France Germany Hungary Spain and the United Kingdom all conducted by recognised experts in this field
