## **Histoire Du Moyen Âge:**

*A travers l'histoire du Moyen Âge* Louis Halphen, 1950      Précis d'histoire du Moyen Âge Jacques Heers, 1995 Il y a quelques années le genre précis ou manuel pouvait sembler passer de mode. Diverses innovations préconisaient un certain renouvellement de la démarche historique : histoire par thèmes qui transcende les siècles, la problématique résolument comparative ou encore histoire des mentalités, comportements et rites que certains appelaient anthropologie. Toutes ces voies ne sont certes pas abandonnées mais leurs auteurs les plus sérieux ont toujours convenu que chaque analyse historique dans quelque domaine que ce soit ne pouvait s'abstraire de son contexte. Tous disent aussi que ni la connaissance de la trame vnementielle ni celle des structures et des cadres ne peuvent être négligées. La présentation reprend exactement les articulations et les limites des précédentes et tente d'offrir l'honneur de l'historien ce qu'il souhaite garder en mémoire ou en commode repertoire. L'histoire de l'Occident chrétien y est raisonnablement privilégiée mais de larges développements sont consacrés selon un équilibre que l'auteur espère satisfaisant : l'Orient byzantin d'une part, aux tats de confession et de société islamique de l'autre.      Manuel de l'histoire du moyen âge. A Manual of the History of the Middle Ages, from the invasion of the barbarians to the fall of Constantinople, with genealogical tables ... translated ... by T. G. Jones Chrysanthè Ovide DES MICHELS, 1841
