

THE HISTORY OF CHRISTIAN DOCTRINES

LOUIS BERKHOF

History Of Christian Doctrine

William Greenough Thayer Shedd

History Of Christian Doctrine:

A Short History of Christian Doctrine Bernhard Lohse, 1966 This book has earned wide acceptance as an outstanding single volume history of doctrine It is ideally suited for classroom and seminar use as well as research and independent study With remarkable conciseness and clarity Lohse shows how doctrinal development has occurred in the various periods of the Church's history from the first century to the present He explores and discusses one by one the dogmas and doctrines that constitute the milestones in the story of the Church's effort to proclaim the message of Jesus Christ to each age This Revised American Edition includes a new preface by the author an account of the significance of the Second Vatican Council and alterations in the For Further Reading section to bring it up to date

A Concise History of Christian Doctrine Justo L. González, 2005 An introduction to the core Christian doctrines the historical context in which they arose and their ongoing importance to contemporary Christian belief and practice Justo González has long been recognized as one of our best teachers and interpreters of the church's belief and history In this new volume he lays out the answers to three questions crucial to understanding the Christian tradition First what are the core Christian doctrines What ideas and convictions form the heart of Christian identity Second Where did these doctrines come from What are the historical contexts in which they first rose to prominence How have they developed across the history of the church Finally what do these doctrines mean today What claims do they continue to place on Christian belief and practice in the twenty first century Written with the clarity and insight for which González is famous *A Short History of Christian Doctrine* will serve the needs of students in church history historical theology and systematic theology classes in college university settings as well as seminaries theological schools

History of Christian Doctrine George Park Fisher, 1916

An Introduction to the Early History of Christian Doctrine to the Time of the Council of Chalcedon James Franklin Bethune-Baker, 1923

A Short History of Christian Thought Linwood Urban, 1986 What do Christians believe and why do they believe it What are the historical roots of modern Christian doctrines and what logical connections link them together This concise introduction to Christian thought provides thorough yet succinct answers to these and other important questions incorporating expanded discussions of the sacraments the Church and the ministry recent ecumenical movements and trends and women's ordination Avoiding a strict chronological approach the author traces the development of each great issue that formed Christian theology Questions of doctrine such as the Trinity and the Incarnation are dealt with in full Also addressed are the important issues in natural theology such as the existence of God miracles freedom of the will and the problem of evil The text shows which issues in Christian thought constitute the common denominators of Christian belief and traces the roots of Christian doctrine to their sources explaining why certain doctrines are logically essential to Christianity and were thus adopted By analyzing the significant issues in Christian thinking from their early formulations to contemporary re-examination *A Short History of Christian Thought* demonstrates that classical Christian doctrines are reasonable articulations of basic convictions and that

Christian thought is relevant to the full range of human experience A History of Christian Doctrine Hubert Cunliffe-Jones, Benjamin Drewery, 1978 In this classic volume Professor Cunliffe Jones has brought together a team of experts in various periods to create this comprehensive survey of the field **The Substance of Our Faith** Douglas A. Sweeney, 2023-10-24 Christianity Today 2024 Award of Merit Academic Theology Doctrine is central to Christian discipleship and maturity Unfortunately it is often sidelined in churches teaching ministry as irrelevant or impractical Countering this leading church historian Douglas Sweeney defines doctrine as church teaching intended for the shaping of daily faith and practice The Substance of Our Faith addresses introductory issues in the study and application of historical doctrine incorporating a unique global and catholic perspective It addresses the Spirit's role in the rise of doctrine in the early church the authority of Scripture and tradition in the development of doctrine the challenges of doing global historical theology the nature and purpose of doctrine and implications for teaching the faith today Specifically Sweeney advocates that those who teach the Christian faith in all churches do so in communion with the saints who have come before A future volume by the author will narrate the actual history of doctrinal teaching around the world **A History of Christian Doctrine, 2 Volumes** William G.T. Shedd, 1998-10-27 **History of Christian Doctrine** Henry Clay Sheldon, 1886 **Early Christian Doctrines** J. N. D. Kelly, 2000-11-20 A history of doctrines of the early Church written and arranged with exceptional clarity by a leading patristic scholar the principal of St Edmund Hall Oxford Canon Kelly describes the development of the principal Christian doctrines from the close of the first century to the middle of the fifth and from the end of the apostolic age to the council of Chalcedon His book thus covers the great doctrinally creative period in the Church's history the centuries in which there was a constant upsurge of fresh ideas before the settled formalism of both the East and West He gives the student and invaluable outline of Church history and patrology against which to place the evolving theological doctrines which he summarises and expounds Back cover *The History of Christian Doctrines* Louis Berkhof, 1937 A History of Christian Doctrine William Greenough Thayer Shedd, 1883 **A History of Christian Doctrine** William Greenough Thayer Shedd, 1909 **A Short History of Christian Doctrine** Bernhard Lohse, 1978 *A History of Christian Doctrine* William G. T. Shedd, 2022-03-10 Reprint of the original first published in 1864 An Introduction the Early History of Christian Doctrine J. F. Bethune Baker, 1958 **History of Christian Doctrine** George Park Fisher, 2015-06-26 Excerpt from History of Christian Doctrine Several years have elapsed since I engaged to prepare this work The unexpected delay in its publication is owing chiefly to the pressure of other and more imperative engagements One reason for it however is the fact that although the subject is one which I had long studied and on which I had given instruction to many successive classes more time was required for the composition of the book than I had anticipated This is partly for the reason that it appeared to me for the present purpose expedient to abandon for the most part the method which I had always followed in my Lectures of arranging the matter under the heads of General and Special Doctrinal History On this topic something more is said in the

introductory chapter This change of plan has involved an entire recasting of the materials to be incorporated into this volume A number of the ablest of the recent German writers on Dogmengeschichte confine themselves to a description of the rise and establishment of dogmas in the official significance of the term according to which it denotes simply the accredited tenets of the principal divisions of the Church The terminus of this branch of study is therefore set not later than about the opening of the seventeenth century In the present work the history of theological thought is carried forward through the subsequent essays at doctrinal construction down to the present time In other words the present work is a history of Doctrine as well as of Dogmas About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

An Introduction to the Early History of Christian Doctrine J. F. Bethune-Baker, 2015-07-07 Excerpt from An Introduction to the Early History of Christian Doctrine To the Time of the Council of Chalcedon In the preparation of this volume the writer has been guided by the general purpose of the Series of Theological Handbooks of which it is a part A continuous narrative is given in the text with as much freedom from technical treatment as the subject allows details and authorities are relegated to footnotes and some special questions and difficulties are dealt with in notes appended to the several chapters The chief aim which has been kept in view throughout has been to offer to the student of the history of Christian Doctrine during the first four centuries of the life of the Church such information with regard to the facts and the sources as will enable him to prosecute his study for himself It is only a limited period with which the book deals but a period in which the Christian theory of life of the relations between God the World and Man was worked out in its chief aspects and all the doctrines to which the Church of Christ as a whole is pledged were framed The authority of these doctrines is only to be understood by study of their history Their permanent value can only be appreciated by knowledge of the circumstances in which they came to be expressed knowledge which must certainly precede any restatement of the doctrines such as is from time to time demanded in the interests of a growing or a wider faith That Christian thinkers have been guided at various times in later ages towards fuller apprehension of various aspects of human life and fuller knowledge of the divine economy must be thankfully acknowledged About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections
