Janson's History of Art: The modern world Penelope J. E. Davies, 2012

For courses in the History of Art, *Rewritten and reorganized*, this new edition weaves together the most recent scholarship, the most current thinking in art history, and the most innovative online supplements, including MyArtsLab and the Prentice Hall Digital Art Library Experience. The new Janson and re-experience the history of art. The Portable Edition of Janson's History of Art, Eighth Edition, features four lightweight paperback books packaged together, along with optional access to a powerful student website, www.myartslab.com, making the text more student-friendly than ever. Janson's History of Art is still available in the original hardcover edition, and in Volume I and Volume II. The Portable Edition is comprised of four books, each representing a major period of art history. Long established as the classic and seminal introduction to art of the Western world, the Eighth Edition of Janson's History of Art is groundbreaking. When Harry Abrams first published the History of Art in 1962, John F. Kennedy occupied the White House, and Andy Warhol was an emerging artist. Janson offered his readers a strong focus on Western art, an important consideration of technique and style, and a clear point of view. The History of Art said Janson was not just a stringing together of historically significant objects, but the writing of a story about their interconnections, a history of styles and of stylistic change. Janson's text focused on the visual and technical characteristics of the objects he discussed, often in extraordinarily eloquent language. Janson's History of Art helped to establish the canon of art history for many generations of scholars. The new Eighth Edition, although revised to remain current with new discoveries and scholarship, continues to follow Janson's lead in important ways. It is limited to the Western tradition, with a chapter on Islamic art and its relationship to Western art. It keeps the focus of the discussion on the object, its manufacture, and its visual character. It considers the contribution of the artist as an important part of the analysis. This edition maintains an organization along the lines established by Janson, with separate chapters on the Northern European Renaissance, the Italian Renaissance, the High Renaissance, and Baroque art, with stylistic divisions for key periods of the modern era. Also embedded in this edition is the narrative of how art has changed over time in the cultures that Europe has claimed as its patrimony.

Stories of Art James Elkins, 2024-07-31 A thoughtful engaging and intimate history of art that offers a critical analysis of the assumptions on which the entire discipline of art history depends Concise and original this accessible second edition continues to act as an antidote to the behemoth art history textbooks of the past Cultures have their own stories about themselves about other cultures and to hear them all is one way to hear the multiple stories that art tells James Elkins persuasively demonstrates there can never be one story of art now that art historians are concerned with gender diversity inclusiveness and decolonization Stories of Art is an interactive iconoclastic text encouraging readers to imagine how they would present art history in an age of multiple narratives Elkins discusses decolonizing the discipline representing race and ethnicity Eurocentrism post nationalism and indigenous voices while examining histories of art written in China Persia Turkey and India This new edition features QR codes to 27 short videos that introduce challenging ideas about art and history in a clear and open way encouraging active reading and including ideas for writing exercises and class conversations A must read for students and scholars interested in exploring the cultural function of art history

History of Art Horst Woldemar Janson, Anthony F. Janson, 2004 For forty years this widely acclaimed classic has remained unsurpassed as an introduction to art in the Western world boasting the matchless credibility of the Janson name This newest update features a more contemporary more colorful design and vast array of extraordinarily produced illustrations that have become the Janson hallmark A narrative voice makes this book a truly enjoyable read and carefully reviewed and revised updates to this edition offer the utmost clarity in contributions based on recent scholarship Extensive captions for the book's incredible art program offer profound insight through the eyes of twentieth century art historians speaking about specific pieces of art featured throughout Significantly changed in this edition is the chapter on The Late Renaissance in which Janson offers a new perspective on the subject tracing in detail the religious art tied to the Catholic Reform movement whose early history is little known to many readers of art history Janson has also rearranged early Renaissance art according to genres instead of time sequence and he has followed the reinterpretation of Etruscan art begun in recent years by German and English art historians With a truly humanist approach this book gives written and visual meaning to the captivating story of what artists have tried to express and why for more than 30 000 years

Janson's History of Art Penelope J. E. Davies, 2012 *Toward a Global Middle Ages* Bryan C. Keene, 2019-09-03 This important and overdue book examines illuminated manuscripts and other book arts of the Global Middle Ages Illuminated manuscripts and illustrated or decorated books like today's museums preserve a rich array of information about how premodern peoples conceived of and perceived the world its many cultures and everyone's place in it

Often a Eurocentric field of study manuscripts are prisms through which we can glimpse the interconnected global history of humanity *Toward a Global Middle Ages* is the first publication to examine decorated books produced across the globe during the period traditionally known as medieval Through essays and case studies the volume's multidisciplinary contributors expand the historiography chronology and geography of manuscript studies to embrace a diversity of objects individuals narratives and materials from Africa Asia Australasia and the Americas an approach that both engages with and contributes to the emerging field of scholarly inquiry known as the Global Middle Ages Featuring more than 160 color illustrations this wide ranging and provocative collection is intended for all who are interested in engaging in a dialogue about how books and other textual objects contributed to world making strategies from about 400 to 1600
