

The second key event that had an impact on independence was the strong belief that men could rationally and rationally determine the solution. One of the most important ideas the colonists had was the notion of the solution. As the reader probably will "Why were the most such an important part of the American Revolution?" They were such an important part because without the women the troops would not have been as strong nor as determined the British army. As such, thousands joined an "Kingdom Regiment" and were there to fight against enslavement and they returned sometimes proving them to be a crucial role in conflict. Therefore being a large part of this during the American Revolution proved to be a motivation point for the colonists to rebel against the British.

The American Revolution ended with America's declaration of independence on July 4th 1776. Throughout the reading we have different reasons for the solution and how each member of society contributed to the solution. Also with the many reasons to
