The Kingdom of God Has No Borders Melani McAlister,2018-07-02 Award of Merit 2019 Christianity Today Book Awards History Biography More than forty years ago conservative Christianity emerged as a major force in American political life Since then the movement has been analyzed and over analyzed declared triumphant and more than once given up for dead But because outside observers have maintained a near relentless focus on domestic politics the most transformative development over the last several decades the explosive

growth of Christianity in the global south has gone unrecognized by the wider public even as it has transformed evangelical life both in the US and abroad *The Kingdom of God Has No Borders* offers a daring new perspective on conservative Christianity by shifting the lens to focus on the world outside US borders Melani McAlister offers a sweeping narrative of the last fifty years of evangelical history weaving a fascinating tale that upends much of what we know or think we know about American evangelicals She takes us to the Congo in the 1960s where Christians were enmeshed in a complicated interplay of missionary zeal Cold War politics racial hierarchy and anti colonial struggle She shows us how evangelical efforts to convert non Christians have placed them in direct conflict with Islam at flash points across the globe And she examines how Christian leaders have fought to stem the tide of HIV AIDS in Africa while at the same time supporting harsh repression of LGBTQ communities Through these and other stories McAlister focuses on the many ways in which looking at evangelicals abroad complicates conventional ideas about evangelicalism We can't truly understand how conservative Christians see themselves and their place in the world unless we look beyond our shores

Reflections on a Rural Childhood G. Alan Brooks,2011-08-02 George Alan Brooks was born in central Florida in 1940 into a Florida pioneer family The Brooks families settled in central Florida around 1815 and were sustenance farmers for at least 150 years Growing God's Family Samuel L. Perry,2017-06-13 Illustrates the hidden challenges embedded within the

evangelical adoption movement For over a decade prominent leaders and organizations among American Evangelicals have spent a substantial amount of time and money in an effort to address what they believe to be the Orphan Crisis of the United States Yet despite an expansive commitment of resources there is no reliable evidence that these efforts have been

successful Adoptions are declining across the board and both foster parenting and foster adoptions remain steady Why have evangelical mobilization efforts been so ineffective To answer this question Samuel L Perry draws on interviews with over

220 movement leaders and grassroots families as well as national data on adoption and fostering to show that the problem goes beyond orphan care Perry argues that evangelical social engagement is fundamentally self limiting and difficult to

sustain because their subcultural commitments lock them into an approach that does not work on a practical level Growing God s Family ultimately reveals this peculiar irony within American evangelicalism by exposing how certain aspects of the

evangelical subculture may stimulate activism to address social problems even while these same subcultural characteristics undermine their own strategic effectiveness It provides the most recent analysis of dominant elements within the evangelical subculture and how that subculture shapes the engagement strategies of evangelicals as a group **Echoes of Eden** Eddie

Dutra,2016-06-24 The neoliberal theologians who intend to repaint Christianity say they are reacting to the errors and abuses within the church against the false promises of the Prosperity theology and the modern Pharisees who use legalism as

a means of oppression and control The truth however is that they incur in the same mistakes of them Those of the Prosperity Gospel or those of the postmodern church philosophy lead the ministry according to peoples desire not according to Gods

interests or the true spiritual need of people The Prosperity theology adapted to a greedy society that sees Jesus only as the multiplier of loaves and fishes and a free healer therefore it gave them what they wanted The postmodern Christians changed

the speech and emphasis but reproduced the same pattern of ministry When we compare them both groups are alike they all use pragmatism as foundation for ministry thus their teachings are unbiblical their practice unethical and its results

devastating to the Christian faith The new painters take advantage of the mistakes of some groups of the evangelicalism with this they find the opportunity to throw out the baby with the dirty bathwater they throw away the true Gospel along with the

errors of the church Such opportunism is clearly detected in their effort to establish a stereotype to represent historic

Christianity as a group of ignorant and devoid of love Fundamentalist fanatics while they pose as open minded good boy preachers and love givers with no trace of prejudice By opposing legalism these men went to the other extreme they became libertines Thus their offered antidote became worse than the poison itself The neoliberal theologians came not to bring healing to the churchs problems rather they aggravated it They are opportunists who are creating a neo Christianity under the perspectives of this new postmodern world Minutes of the Annual Conferences of the Methodist Episcopal Church,1872 **Married to a Pastor** H. B. Jr. London,Neil B. Wiseman,2011-08-29 For the wives of pastors and pastors themselves this book includes testimonials from eight notable church leaders including Rick Warren John Maxwell and Jack Hayford Full of encouragement affirmation and appreciation this book will play an important part in strengthening and energizing both marriages and ministries
