How Should Men Lead Their Families:

How Should Men Lead Their Families? Joel R. Beeke, 2014-12-11 God's Word teaches us that Jesus Christ was ordained by God and anointed by the Spirit for His work as prophet priest and king of His children. Those who are in union with Him share His offices in a limited but important way. In this booklet Joel Beeke explains how husbands and fathers should lead their families as prophets, priests, and kings. Filled with biblical wisdom and practical application, *How Should Men Lead Their Families* is a helpful guide for men who desire to bear the image of the Father of glory and of the heavenly Husband as they lead, teach, love, evangelize, protect, and rule over their wives and children. [Family Values and the Rise of the Christian Right](#) Seth Dowland, 2015-10-20 During the last three decades of the twentieth century, evangelical leaders and conservative politicians developed a political agenda that thrust family values onto the nation's consciousness. Ministers, legislators, and laypeople came together to fight abortion, gay rights, and major feminist objectives. They supported private Christian schools, home schooling, and a strong military. Family values leaders like Jerry Falwell, Phyllis Schlafly, Anita Bryant, and James Dobson became increasingly supportive of the Republican Party, which accommodated the language of family values in its platforms and campaigns. The family values agenda created a bond between evangelicalism and political conservatism. *Family Values and the Rise of the Christian Right* chronicles how the family values agenda became so powerful in American political life and why it appealed to conservative evangelical Christians. Conservative evangelicals saw traditional gender norms as crucial in cultivating morality. They thought these gender norms would reaffirm the importance of clear lines of authority that the social revolutions of the 1960s had undermined. In the 1970s and 1980s, then evangelicals founded Christian academies and developed homeschooling curricula that put conservative ideas about gender and authority front and center. Campaigns against abortion and feminism coalesced around a belief that God created women as wives and mothers, a belief that conservative evangelicals thought feminists and pro-choice advocates threatened. Likewise, Christian right leaders championed a particular vision of masculinity in their campaigns against gay rights and nuclear disarmament. Movements like the Promise Keepers called men to take responsibility for leading their families. Christian right political campaigns and pro-family organizations drew on conservative evangelical beliefs about men, women, children, and authority. These beliefs, known collectively as family values, became the most important religious agenda in late twentieth-century American politics. *A Practical Theology of Family Worship* Jonathan Williams, 2021-08-31 Baxter believed that family worship is God's will, a conviction that profoundly shaped and motivated his pastoral ministry in Kidderminster. It is said that at the beginning of his ministry, hardly one family to a street honored God in family worship; by the end of his ministry, there were streets on which every family upheld the practice. In *A Practical Theology of Family Worship*, Jonathan Williams examines Baxter's context, the encouragements he gave for family worship, and his family equipping ministry among the congregation. This study develops our understanding of this vital spiritual discipline among the Puritans. Yet it also draws out
