

Part 1: Lottery for Entry into the Hunger Games

1.) To figure out your age: Roll the dice, your age is based on the following:

Dice Roll	Age	Base Number of Entries
1	12	1
2	13	2
3	14	3
4	15	4
5	16	5
6 (with an even number on a second roll)	17	6
6 (with an odd number on a second roll)	18	7

2.) To figure out your need for tesserae: Roll the dice, your need for tesserae is based on the following:

- An even roll will not receive tesserae (you will multiply your base number of entries by 0)
- An odd roll will receive tesserae (you will multiply your base number of entries by the amount of people living in your home).

My age for the Hunger Games is _____. My base number of entries is _____. I _____ be receiving tesserae. I have _____ number of people living in my home.

Math to figure out the number of entries:

$$\begin{array}{ccccccc} \text{Base entries} & + & \text{Tesserae} & \times & \text{\# of people in your house} & = & \text{total \# of entries} \end{array}$$

Part 2: What are the chances?

Find the probability of you getting chosen for the hunger games for your class.

Total number of entries for boys: _____

Total number of entries for girls: _____

Your probability: _____ (Express your answer as a percentage and round to the nearest hundredth). Show all work.

Hunger Games Probability Teaching Guide
