Higher Order Thinking Skills in the Language Classroom: A Concise Guide Afsaneh Ghanizadeh, Ali H. Al-Hoorie, Safoura Jahedizadeh,2020-09-11 In this book we try to provide a practical down to earth guide for those who are involved in language learning and teaching We hope that this book will be a useful reading for those who would like to incorporate higher order thinking skills HOTS enhancing techniques in their teaching practice We set out from the position that although it is hardly doubtful that it is at the heart of education critical thinking is in reality often not given its due attention in pedagogy particularly in language education This book offers readers some practical advice on how to implement HOTS in their own practice It has been written to take the reader through each technique with the ultimate goal of promoting HOTS step by step In the introductory chapter we present an overview of the theory behind HOTS its definition its relation to Bloom s Taxonomy its two dimensions critical thinking and reflective thinking and the ideas of some influential thinkers in this area The subsequent chapters present six HOTS enhancing techniques that classroom teachers can draw from namely graphic organizers critical discourse analysis argumentation emotion regulation and emotional intelligence enhancing techniques reflective journals and mindfulness based strategies As the book draws on a wide ranging review of literature with exercises for direct use with language learners we hope that this provides both theoretical and practical support for the teaching process to help language learners become effective critical thinkers The compilation of the ideas in this book took us a long time over a decade Something that takes such a long time requires much engagement and life experience so did this book
