

## Part1 - Introduction and interview

During Part 1, the Examiner will introduce him/herself and ask you some questions about yourself. This is the start of the test, and it will set the scene for the remainder.

Think of the Examiner as being just like your teacher. In fact, most examiners are usually teachers, so they'll understand how you feel, because some of their own students will feel the same. They're not there to catch you out. Indeed, they'll want you to do well and will do everything that they can to make you feel comfortable.

The Examiner has a set of questions. When you're asked a question, try to answer it without repeating the whole question in your answer. For example:

**If you are asked 'What's the most interesting thing about your hometown?'**

**Don't reply** 'The most interesting thing about my hometown is...'

**Just say** 'It's...'

**Then, you can expand on your answer, if possible, by adding something like:** 'Most people find this interesting because...'

**You can then add a synonym of the words used by the Examiner. So, instead of interesting say something like:** 'Most people find this fascinating because...'

The examiner will ask you a question. You should answer the question directly. Do not repeat the whole question. Do not say 'The most interesting thing about my hometown is...'. Instead, say 'It's...'. Then, you can expand on your answer, if possible, by adding something like: 'Most people find this interesting because...'. You can then add a synonym of the words used by the Examiner. So, instead of interesting say something like: 'Most people find this fascinating because...'. This is a good way to answer the question.
