Regendering the School Story Beverly Lyon Clark,2004-08-02 In 18th through 20th century British and American literature school stories always play out the power relationships between adult and child They also play out gender relationships especially when females are excluded although most histories of the genre ignore the unusual novels that probe the gendering of school stories When the occasional man wrote about girls schools as Charles Lamb and H G Wells did he sometimes empowered his female characters granting them freedoms that he had experienced at school Women who wrote about boys schools often gave unusual emphasis to families and at times revealed the contradictions in the schoolyard code against telling tales or presented competing versions of masculinity such as the Christian gentleman versus the self made man Sometimes these middle class white women projected their sense of estrangement onto working class and minority women Sometimes they wrote school stories that were in dialog with other genres as when Mrs Henry Wood wrote a sensation story or like Louisa May Alcott they domesticated the boys school story giving prominence to a female viewpoint

If Only Vigdis Hjorth,2024-09-03 A relatively young woman aged thirty She married in her early twenties had two children It is winter January and minus 14C white frosty mist around the parked car around the spruces the mailbox on its post but higher up the sky is blue clear the sun has come back She has

written in her diary that she is waiting for the heartbreak that will turn her into her true self She has an impending sense of doom or possibly her own death Can passion be mistaken for love When Ida meets Arnold also married at a conference she impulsively invites him to share her bed She returns home already half obsessed and the dissolution of her marriage and break up of her family pass almost without her noticing Arnold has a more relaxed attitude toward the affair But neither his coolness nor the alarming talk she hears about him can dampen her desire When she finally has Arnold for herself all the surface niceties and indulgences they enjoy travel sex beers for breakfast and cocktails for dinner can t sustain the sweetness of the fantasy Their mounting jealousies and insecurities metastasize resulting in violence and addiction In urgent prose with layers of candid and vivid detail Hjorth shows just how devastating love can be when it binds the wrong people **High**
