## **Infant Shoe Size Guide:**

The Working Gal's Guide to Babyville Paige Hobey, Allison Nied, 2009-04-29 You're an independent career woman suddenly dropped into the chaos of Babyville. You have a newborn to care for three months if you're lucky, of unstructured time to fill, a work decision to make to go back full time, part time, job share, childcare to acquire, and family finances to balance. You need someone to make you laugh during the hard times, a doctor to call in the middle of the night, and a good career counselor to boot. Never fear. Sure to become the gold standard resource during that crazy first year, *The Working Gal's Guide to Babyville* combines stories and sisterly advice from the trenches, infant care information, and tips from a pediatrician and career and budget guidance from a pro. From getting baby to sleep through the night to making the most of maternity leave, from weighing work options to finding childcare, from networking with new parents to emotionally transitioning from Ms. Independent to Mom, it offers desperately needed, easy-to-execute strategies and expert solutions on all manner of Year One issues. The essential guidebook for today's busy career moms, it's every bit as hip, smart, and savvy as the women who'll be reading it. *Nurse's Pocket Guide* Marilyn E. Doenges, Mary Frances Moorhouse, Alice C. Murr, 2022-03-07 The perfect pocket guide makes care planning easier. This quick reference tool has exactly what you need to select the appropriate diagnoses to plan your patient's care effectively. The 16th Edition features all the latest nursing diagnoses and updated interventions from NANDA-I 2021-2023. One of the best nursing school tools that I can use beyond graduation. I only wish I found this book at the beginning of my nursing school experience and not towards the end. Finally, a useful book that tells us what to do, what we can do, and prioritizes everything. I think it wouldn't have taken me 6 hours to complete a Care Plan Map had I found this gem sooner. I'm even going to recommend it to my school to suggest students purchase it. Angela D. Online Reviewer Love this Book. I'm a nursing student, and for all nursing professions, you need to have some form of this book. In semesters past, a friend of mine had a later edition, and the information was incredible. This book is really a must-have when making care plans or wanting to learn more about what interventions you can do for your patient. Reasonable for price. Felicia M. Online Reviewer New Updated.
