Introduction To Managerial Accounting 5th Edition:

INTRODUCTION TO MANAGERIAL ACCOUNTING. PETER. BREWER, **Introduction to Managerial Accounting**
Peter C. Brewer, Ray H. Garrison, Eric W. Noreen, 2018 Brewer's Introduction to Managerial Accounting has earned a reputation as the most accessible and readable book on the market. Its manageable chapters and clear presentation point students toward understanding just as the needle of a compass provides direction to travelers. However, the book's authors also understand that everyone's destinations are different. Some students will become accountants while others are destined for careers in management, marketing, or finance. Not only does the Brewer text teach students managerial accounting concepts in a clear and concise way but it also asks students to consider how the concepts they're learning will apply to the real-world situations they will eventually confront in their careers. This combination of conceptual understanding and the ability to apply that knowledge directs students toward success whatever their final destination happens to be.
