for digital literacy implies recognizing that access is the beginning of ICT policies and not the end of it Digital literacy requires using the Internet and social media in socially and culturally useful ways aimed at the inclusion of everybody in the emerging information knowledge society Technology matters but people matter more *Roads, Tourism and Cultural History* Rosemary Kerr, 2018-12-20 Roads and road tourism loom large in the Australian imagination as distance and mobility have shaped the nation's history and culture but roads are more than simply transport routes they embody multiple layers of history mythology and symbolism Drawing on Australian travel writing diaries and manuscripts tourism literature fiction poetry and feature films this book explores how Australians have experienced and imagined roads and road touring beyond urban settings from Aboriginal songlines to modern day road trips It also tells the stories of iconic roads including the Birdsville Track Stuart Highway and Great Ocean Road and suggests alternative approaches to heritage and tourism interpretation of these important routes The ongoing impact of the colonial past on Indigenous peoples and contemporary Australian society and culture including representations of the road and road travel is explored throughout the book The volume offers a new way of thinking about roads and road tourism as important strands in a nation's cultural fabric **The Great War and the Moving Image** Michael Hammond, Adrian Smith, 2018-12-07 The Great War and the Moving Image focuses upon the Allied war effort on the Western Front and in the Mediterranean In doing so the book addresses topics ranging from how carefully selected images projected a positive portrayal of ambulance trains through film's instructional role promoting self sufficiency on the home front to the vital role of makeshift YMCA cinemas both sides of the Channel With editors and contributors who are authorities on cinema in wartime Britain and on the British response to the challenge of total war the volume highlights the power that the moving image had during the Great War In the introduction the editors consider why the First World War can be seen as the first uniquely cinematic conflict Later historians from Britain Australia and America go on to explore film's pioneering role as a powerful vehicle for propaganda at home and abroad and its contribution to maintaining morale among soldiers on the front line as well as across civilian audiences back home **WLA**, 2010 **After the War** Leigh S. L. Straw, 2017 In Collie in 1929 a murder suicide took place The killer was identified as Andrew Straw Dressed in war uniform and a slouch hat a hauntingly familiar face stared out at me from the front page of Truth Andrew Straw bore a striking resemblance to my husband I had unearthed an unexpected family story Of the 330 000 Australian men who enlisted and served in World War I close to 60 000 never returned home As much as it is important to commemorate the war dead it is also imperative that we remember the survivors as they moved into peacetime Of the 32 000 Western Australian men who enlisted 23 700 returned from the war These men tried to create a semblance of a civilian life following the traumas of war War receded from immediate view as these men readjusted to civilian life but its impacts endured Many returned with disabilities mental health problems and a lowered sense of self worth that led some to take their own lives This book charts the emergence of Post Traumatic Stress Disorder PTSD as a diagnosable condition in an

Australian context In this deeply personal account historian and writer Leigh Straw seeks a better understanding of what soldiers experienced once the fighting stopped After the War uses the personal struggles of soldiers and their families to increase public understanding of the legacies of World War I in Western Australia and across the nation The scars of war mental and physical can be lifelong for soldiers who serve their country This is a story of surviving life after war Subject Military History History PTSD Psychology WWI Australian Studies **Return to Gallipoli** Bruce Scates,2006-03-28 This book first published in 2006 explores the memory of the Great War through the historical experience of pilgrimage

Legends of People, Myths of State Bruce Kapferer,2011-12-01 The civil war in Sri Lanka and the part that nationalism seemed to play in it inspired the writing of this book some twenty three years ago The argument was developed through a comparative analysis of nationalism in Sri Lanka with the author s native Australia At the time this constituted an innovative approach to comparison in anthropology as well as to nationalism and its possibilities It was not based on differences but on the way in which perspectives from within the two nationalisms when seen side by side could present an understanding of their implication in producing the violence of war racism and social exclusion The book has lost none of its importance and urgency as proven by the chapters in the Appendix written by top scholars working in Sri Lanka and in Australia These contributions bring together new material and critically explore the book s themes and their continued relevance to the various trajectories in nationalist processes since the first publication of the book *Dreamers and Schemers* Frank Bongiorno,2022-11-01 A landmark book the first full political history of Australia In this compelling and comprehensive work renowned historian Frank Bongiorno presents a social and cultural history of Australia s political life from pre settlement Indigenous systems to the present day Depicting a wonderful parade of dreamers and schemers Bongiorno surveys moments of political renewal and sheds fresh light on our democratic life From local pubs and meeting halls to the parliament and cabinet from pamphleteers and stump orators to party agents and operatives this enthralling account looks at the political insiders in the halls of power as well as the agitators and outsiders who sought to shape the nation from the margins A work of political history like no other *Dreamers and Schemers* will transform the way you look at Australian politics With acuity and grace Bongiorno divines the soul of the nation All told with a cheeky eye for detail and nose for skullduggery by a historian in full archival narrative and rhetorical flight A landmark work Clare Wright Bongiorno is one of our premier historians and this is his masterwork An original take on our politics and people written with an open mind and warm Australian heart George Megalogenis Penetrating and vividly written this a political history that broadens our understanding of politics one that offers genuinely fresh insights and resists tidy generalisations From First Nations politics to the democracy sausage *Dreamers and Schemers* never disappoints It will stand as one of the most essential works in Australian history for decades to come Mark McKenna Shortlisted for the Australian History Prize in the NSW Premier s History Awards

Battle for the Flag Amelia Johns,2015-07-01 Ten years after the Cronulla riots the violence racism and branding of young

bodies with signs and symbols of Australian nationalism along with the reprisal attacks by Lebanese Australian youth continues to inflame discussions about race relations in Australia with many conversations shifting away from ideas of multiculturalism and cultural diversity and towards patriotism localism security and fear of the predominantly Muslim Other Battle for the Flag contextualises and challenges the narrative by drawing upon participant observation and interviews conducted with local residents of diverse backgrounds By paying attention to the voices of bystanders and those involved the riot is identified as an unstable and fluid formation where the Australian flag the beach and whiteness itself was co opted into a much more contingent contested and subcultural formation than hitherto described Islamic Studies Series Volume 18
